Old Town Local Advisory Committee: Submitted

What is your current occupation?

Self employed-photographer & dance instructor

Education and Employment

List Educational Background (Degrees, Licenses, Certificates, etc.). State "see resume" if attaching a resume at the end of this application.

BA in Dance from Brigham Young University.

List Employment History for Five Years (Employer Name and Address, Position Title, Primary Responsibilities). State "see resume" if attaching a resume at the end of this application.

Professional Studio Photographer-Self Employed, Owner/Operator-home address. I run all aspects of my business; from marketing, to bookkeeping, professional editing, client management, customer service, and education. Dance Instructor (current)- Rowe Dance Academy & Inclusive Movement & Dance- I teach and choreograph to local dancers and with the special needs community Professional Contemporary Dancer & Assistant Director- with CalliOpus Contemporary Dance (current), responsible for the company scheduling, communication with dancers, performances, venue planning, etc. CFO- PHNX Power (current)- Responsible for finances for my husbands Solar Company Professional Dancer- Avocado Dance Theatre (years 2015-2019), performed regularly at the OTTCT, DanceXchange

Community Engagement

Provide a list of your past involvement in the community and/or volunteer activities in the City of Temecula.

I was a dancers with Avocado Dance Theatre for several seasons. I loved being a part of the city and performing regularly in the community. I volunteered at events like the Front & Main Dance Festival, would welcome dance companies to the Temecula, & was very involved with Lori Torok during those years on the company.

Statement of Interest

Describe why you wish to serve on this board, committee or commission and why you believe you are qualified to serve in this capacity.

I would love to bring a different perspective to Old Town. As someone who has been on the other side of what OT has to offer, I feel like there are a lot of things I could add, especially from my artistic background.

Community Engagement

Provide a list of your past involvement in the community and/or volunteer activities in the City of Temecula.

I moved here in March 2025 and look forward to getting more involved. I've attended community events at Vail Ranch, in Old Town, and others.

Statement of Interest

Describe why you wish to serve on this board, committee or commission and why you believe you are qualified to serve in this capacity.

I wish to serve on the Old Town Local Advisory Committee because I am deeply committed to the sustainable growth and preservation of Temecula, particularly in ways that balance community needs, local business interests, and thoughtful urban development. Serving in this capacity offers an opportunity to contribute my expertise and perspective to ensure that planning and development decisions reflect the values and vision of our residents, while promoting equity, wellness, and overall community health. I believe I am qualified to serve because of my professional experience in data-driven program management, strategic planning, and community engagement, as well as my educational background, which includes a PhD in Global Public Health and an MPH in Epidemiology. In my current role as Senior Program Officer at the Central Valley Community Foundation, I lead initiatives that require thoughtful coordination among diverse stakeholders, evaluation of complex proposals, and implementation of sustainable strategies—skills directly relevant to advising on development, zoning, and planning matters. My training in public health gives me a strong foundation to assess how community planning impacts health outcomes and equity, and I bring a collaborative approach that ensures all voices are heard in decision-making.

EDUCATION

B.S. San Diego State University, 2015
Major: Health Sciences with an emphasis in Public Health

MPH University of California Davis, 2016
Concentration: Epidemiology

Ph.D. San Diego State University and University of California San Diego, 2022
Track: Global Health
Advisor: Susan M. Kiene, PhD

RESEARCH POSITIONS and WORK EXPERIENCE

Senior Program Officer – Telework/Hybrid, January 2025 – Present

Senior Data Manager – Telework/Hybrid, March 2024 – December 2024

Data Manager – Telework/Hybrid, November 2022 – February 2024

Central Valley Community Foundation (CVCF), Fresno, CA

Supervisor: Christina Patch, JD, PhD

At the Central Valley Community Foundation (CVCF), serves as Senior Program Officer for the Fresno-Merced Future of Food (F3) Initiative, a \$65 million regional collaboration advancing sustainable agriculture, ag technology, and small farmer prosperity across California's Central Valley. In this role, provides backbone support for the initiative, facilitating partner integration across three gears and seven subteams, and overseeing a \$2 million operational budget to ensure strategic and coordinated implementation. Manages both state- and federally-funded programs, including the AgTEC workforce development initiative and the EDA Build Back Better Regional Challenge grant, and leads the development and administration of RFPs, contracts, and qualitative and quantitative data collection to assess initiative-level impact. Oversees and manages all F3 consultants, including Salesforce implementation and technology consultants, communications consultants, and others, ensuring alignment of deliverables with initiative goals. Manages invoicing, contract development and implementation, and amendments to maintain compliance and efficient operations. Conducts interviews and partner assessments to identify needs, gaps, successes, and barriers, while designing new data systems that help partners demonstrate measurable impact in the region. Facilitates monthly partner meetings and cultivates strategic relationships across the F3 ecosystem to strengthen collaboration and sustainability.

Previously served as Senior Data Manager, leading CVCF's measurement and evaluation portfolio for 14 local Fresno DRIVE initiatives. Responsibilities included developing and implementing data collection methodologies, surveys, and dashboards; managing, cleaning, and analyzing organizational data; and producing data-driven narratives to communicate community impact. Oversaw consultant work and RFP processes, managed contracts and invoicing, and led the design and implementation of two Salesforce CRM systems to streamline operations. Across both roles, focused on strengthening CVCF's capacity to use data and partnerships to drive equitable, evidence-based decision-making across the Central Valley.

PH 621 – Graduate Course Instructor, Public Health Online Master's in Public Health, 2022 – present

San Diego State University Global Campus, San Diego, CA

Supervisor: Jennifer Munday, PhD

Designed and developed an asynchronous online graduate level course, PH 621: Epidemiology of Infectious Disease, from scratch. The three-unit course includes six modules and takes place over six weeks. Through the use of Canvas, the course aims to introduce MPH students to basic methods for infectious disease epidemiology.

PH 490a - Undergraduate Course Instructor, Public Health Online Degree Completion Program, 2022 – present

San Diego State University Global Campus, San Diego, CA

Supervisor: Jennifer Munday, PhD

Designed and developed an asynchronous online undergraduate course, PH 490a: Health Data Analysis, from scratch. The three-unit course includes six modules and takes place over six weeks. Through the use of Canvas, IBM SPSS Statistics, and Microsoft Word, Excel, and PowerPoint, the course aims to introduce upper division undergraduate students to identifying, retrieving, and using health data, with emphasis on statistical application and interpretation of results.

PH 700a – Graduate Teaching Associate, Master’s in Public Health, 2022

San Diego State University, School of Public Health, San Diego, CA

Supervisor: Eyal Oren, PhD

Designed, developed, and taught an in-person, graduate level course, PH700a: SPSS Seminar. The two-unit course covered basic to intermediate skills in SPSS. Through 17 weeks of in-person weekly lectures, this course aimed to teach master’s students how to handle, clean, manage, and analyze data in SPSS. Statistical analyses included: one and two sample t-Test, paired t-Test, Chi-Square, odds ratio, ANOVA, correlation and regression, and logistic regression.

PhD Dissertation Research, Joint Doctoral Program in Public Health, 2018 – 2022

San Diego State University and University of California, San Diego, San Diego, CA

Dissertation Chair: Susan Kiene, PhD

Conduct three separate analyses and produce three complete manuscripts investigating nuanced dimensions of HIV stigma in the Ugandan setting including exploring stigma intersectionality, post-HIV diagnosis changes in stigma, and psychometric scale properties of HIV stigma.

Graduate Research Assistant – Data Manager and Data Management Team Supervisor, San Diego State University Research Foundation, 2021 – 2022

San Diego State University, San Diego, CA

Supervisor: Susan Kiene, PhD

Manage data for the Communities Fighting COVID! study which is a contract tracing project to conduct culturally appropriate and language-specific contact tracing services in vulnerable, low-income, and underserved residents of San Diego County to control the spread of COVID-19. Involves regular communication and collaboration with local school districts and San Diego County Public Health. Also, data management team supervisor to Master’s level public health graduate student which involves hands on data management training, mentorship in study design and research implementation, and regular one on one meetings.

Graduate Teacher’s Assistant – TA for MPH Course FMPH 402: Intro to Health Behavior, University of California, San Diego, September – December 2020

University of California, San Diego, San Diego, CA

Supervisor: Suzi Hong, PhD

Assist instructor with course activities including: attend lectures, lead class discussions, assist with grading, proctoring, and scribing, help to develop assignments and exams, hold office hours, and prepare and lead a guest lecture.

Principal Investigator, Factors Associated with Male Partner Involvement in PMTCT, 2018

Jinja District Health Offices, Jinja District, Uganda

Supervisor: Susan Kiene, PhD, Mrs. Doreen Tuhebwe, and Peter Dyogo, PhD

Designed and implemented a cross-sectional study to collect data in Jinja District, Uganda to identify factors associated with male partner involvement in prevention of mother-to-child transmission in the postpartum period. Data were collected via interviewer administered questionnaire, focus group discussion, and in-depth interviews among HIV positive mothers, HIV positive men in the community, and healthcare workers.

Graduate Research Assistant – Data Manager, San Diego State University Research Foundation, 2017 – 2022

San Diego State University, San Diego, CA

Supervisor: Susan Kiene, PhD

Manage data for the PATH/Ekkubo study which is a population-based study looking at access to health and HIV care in rural Uganda. This includes management of baseline questionnaires and HIV results of over 30,000 participants, 1,200 of which were followed for 14 months and each accumulated 30+ separate data collection forms. Also responsible for preparing datasets for research team members to use for conducting analyses and writing scientific manuscripts for publication.

CASPER Participant, Centers for Disease Control, CDPH, and Mariposa County, 2016

Mariposa County Public Health, Mariposa, CA

Participated in Community Assessment for Public Health Emergency Response (CASPER). Received just-in-time training for 'shoe-leather' epidemiologic methods. Conducted field research to survey Mariposa County residents about the current drought.

Fellowship, California Epidemiologic Investigation Service (Cal-EIS), 2016 – 2017

Napa County Public Health, Napa, CA

Supervisors: Jennifer Henn, PhD and Eva Weinstein

Major Project: Chronic Disease Burden Report. Through use of death data ICD10 codes, the most common causes of death in Napa County were identified from 2013-2015. A literature review and analysis of the death data were then used to compile a report with a focus on cancer mortality. Other: Performed data analysis of survey to assess Napa County employee knowledge of social determinants of health. Monitored Zika for surveillance branch of Incident Command System. Helped run flu clinics in the community. Additional community outreach for Zika, flu, and emergency preparedness.

Graduate Practicum, Infectious Diseases Branch, 2016

California Department of Public Health, Sacramento, CA

Supervisors: Gil Chavez, MD, Allison Jacobsen, and Tamara Hennessy-Burt

Worked with the California Reportable Disease Information Exchange (CalREDIE) team to further understand disease surveillance within California by creating, distributing, and analyzing a survey that was sent to health care providers to determine why they are not using the Provider Portal in CalREDIE. These results were presented at the UC Davis 2016 Practicum Symposium. A literature review was also conducted to investigate electronic lab reporting implementation and potential incidence artifacts.

Internship, Department of Defense HIV/AIDS Prevention Program, 2015

Naval Health Research Center, San Diego, CA

Supervisors: Michael Grillo, PhD and Richard Shaffer, PhD

Collaborated with DHAPP staff to review and recommend edits on the current educational program in HIV/AIDS, sexual health, and family planning for African and South American military populations. Constructed introduction for Zambia HIV Seroprevalence and Behavioral Epidemiology Risk Survey (SABERS). Helped construct campaign ideas for domestic abuse prevention in Guyana. Militarized HIV/AIDS Sustainability Index (SID) for DHAPP use. Performed a literature review on associations between Africa, HIV incidence, and intimate partner violence.

Lab Assistant, Graduate School of Public Health, 2015

San Diego State University, San Diego, CA

Supervisor: Eunha Hoh, PhD

Performed sample preparation for a study to detect minute traces of nicotine on surface wipes for a Third Hand Smoke Study.

Research Assistant, Graduate School of Public Health, 2014

San Diego State University, San Diego, CA

Supervisor: Zohir Chowdhury, PhD

Assisted in collecting data on levels of particulate matter on SDSU campus from leaf blowers. Also assisted in collecting measures of PM in a controlled environment to compare PM measuring instruments. Learned to use DustTrak DRX Aerosol Monitor, Condensation Particle Counter, and Onset HOBO Humidity and Temperature Logger. Conducted preliminary analysis of leaf blower data and presented at the San Diego State University Research Symposium in April 2015.

Community Engagement

Provide a list of your past involvement in the community and/or volunteer activities in the City of Temecula.

My family moved to Temecula from Los Angeles in 1988 when I was six years old. Attended Linfield, Hillcrest, Vail Ranch Middle School, and Temecula Valley High School class of 2000. Played baseball, basketball, soccer, golf and football growing up and continued baseball and basketball through high school. Member of Boy Scouts Troop 301 and the Methodist church. Left Temecula after high school for college and my first career as a software engineer at Boeing. Married my high school sweetheart at The Stonehouse at Temecula Creek Inn. Moved back to Temecula in 2013 to join my dad in his financial planning practice and to raise our three daughters. Volunteered to coach volleyball and basketball at iShine Charter School. Currently serve as a deacon, Gospel Community leader, and Tech Lead at Restored Church which meets Sunday mornings at Margarita Middle School. We live in a historic house in Old Town Temecula that has been in my wife's family since the 1940's.

Statement of Interest

Describe why you wish to serve on this board, committee or commission and why you believe you are qualified to serve in this capacity.

I would be honored to serve on the Old Town Local Advisory Committee. I envision Old Town as a place for local residents, not just a destination for out of town visitors. I support local small businesses and want to see them thrive in Old Town. From quiet early mornings walking my dog through Old Town, to late nights taking in the live music and excitement, I desire to help keep Old Town fun, safe, family friendly, and a haven for small local businesses.

Community Engagement

Provide a list of your past involvement in the community and/or volunteer activities in the City of Temecula.

Frequent visitor of all things available to us living in Temecula! Rod Run, Old town, 4th of July parade, local museum, splash pads, mall, I even work with people recovering from mental health issues in Temecula!

Statement of Interest

Describe why you wish to serve on this board, committee or commission and why you believe you are qualified to serve in this capacity.

As a Licensed Clinical Social Worker and workplace professional residing in Temecula, I am deeply invested in the continued growth and thoughtful development of our community. I am writing to express my strong interest in serving as a Planning Commissioner for the City of Temecula. Having lived and worked locally, I have seen firsthand how Temecula's unique blend of small-town charm, family-centered values, and forward-thinking planning has created one of the most desirable communities in Southern California. From its roots as a ranching and winemaking region to its thoughtful evolution into a vibrant city that balances progress with preservation, Temecula's story reflects a commitment to intentional development and community connection—values I hold deeply. My professional background as a Licensed Clinical Social Worker has equipped me with skills that align directly with the role of a Planning Commissioner: listening with empathy, balancing diverse perspectives, collaborating across disciplines, and making informed, ethical decisions in service of the public good. I've spent my career helping individuals and families navigate complex systems, always with an eye toward sustainable outcomes—an approach I would bring to planning discussions that impact the long-term health and vitality of our city. Temecula has grown from a quiet town in the 1980s into a dynamic city known for its award-winning schools, thriving business community, and world-class wine country. Yet what I value most is how Temecula has maintained its sense of identity—protecting open space, supporting local enterprise, and planning neighborhoods that foster connection and safety. I am enthusiastic about contributing to the next chapter of this growth, ensuring that decisions made today continue to reflect the values and quality of life that have made Temecula exceptional. In short, I would be honored to bring my local insight, professional experience, and civic enthusiasm to the Planning Commission. I am confident that my perspective as both a resident and a community-focused professional will be an asset to the thoughtful and balanced planning that has long defined Temecula's success. Please note I selected Zone 1 on the map for where I live. I have a Temecula address, however, I did not see my home under the listed zones.

Education and Employment

List Educational Background (Degrees, Licenses, Certificates, etc.). State "see resume" if attaching a resume at the end of this application.

See resume.

List Employment History for Five Years (Employer Name and Address, Position Title, Primary Responsibilities). State "see resume" if attaching a resume at the end of this application.

Current California State Policy Fellow with the Solis Policy Institute funded by the Women's Foundation of California + see resume for remaining experience.

Community Engagement

Provide a list of your past involvement in the community and/or volunteer activities in the City of Temecula.

Community Engagement I actively support families and strengthen community life in Temecula through my professional, nonprofit, and advocacy leadership. As the owner of Inland Empire Midwifery & Lactation in Old Town, I guide families through key life stages, including pregnancy, birth, infant feeding, and early parenting. Additionally, I co-founded the nonprofit Around-Birth Collective, where I coordinate workshops, family wellness events, and community programs that connect residents to vital resources and foster collaboration with local partners. Alongside this work, I am also raising my own family here in Temecula. This personal perspective deepens my understanding of the needs and values of local families—from access to quality schools and safe neighborhoods to the importance of preserving Old Town as a place where families can gather and create lasting memories. In addition to direct service and parenting, I contribute to policy and advocacy efforts at the state level. As a current California State Fellow with the Solis Policy Institute (SPI), I collaborate with statewide leaders to develop policy solutions that enhance family and community well-being. This experience has strengthened my skills in governance, consensus-building, coalition work, and long-term planning, which I bring back to my local engagement. Together, these experiences reflect my dedication to making Temecula a vibrant community for families, small businesses, and residents across all walks of life.

Statement of Interest

Describe why you wish to serve on this board, committee or commission and why you believe you are qualified to serve in this capacity.

Statement of Interest I seek to serve on the Planning Commission and Old Town Local Advisory Board to help shape Temecula's future while honoring its history and character. For the City, I believe in careful, responsible planning that balances growth with the needs of families, businesses, and neighborhoods. As Temecula continues to grow, it is vital that development reflects the City's values of safety, livability, and opportunity. My perspective as both a business owner and a parent raising a family here gives me a personal stake in ensuring that Temecula remains a strong, family-friendly community. For Old Town specifically, I bring a direct connection as both a small business owner and an active participant in its community life. I am committed to preserving its historic charm while ensuring it thrives as a hub for commerce, tourism, and family-centered community gatherings. Old Town is not only the home of my practice but also a place my family enjoys, and I recognize its importance as both a destination and a reflection of Temecula's identity. I am well-qualified for these roles through my combined experience as a small business owner, nonprofit leader, parent, and state policy fellow. Managing both a private practice and a nonprofit organization has required me to collaborate across sectors, navigate regulatory frameworks, and make strategic decisions that balance long-term sustainability with immediate community needs. My fellowship with SPI has further equipped me with a strong foundation in policy development and advocacy that complements my local experience. Serving in these roles would allow me to give back to the city where I have established my professional, community, and family roots. I hope to help guide thoughtful growth in Temecula and support the unique significance of Old Town in its history and future.

Temecula City Clerk's Office
Attn: Appointments to Boards and Commissions
41000 Main Street
Temecula, CA 92590

Dear Members of the Appointment Committee,

I am pleased to recommend Yuli Smith for appointment to the Temecula Planning Commission and Old Town Local Advisory Board. I have worked with Yuli in California state and local policy initiatives and have seen their strong commitment to families, small businesses, and the Temecula community.

Yuli is a business owner in Old Town and co-founder of a nonprofit that organizes family and community programs. They bring a valuable combination of hands-on service, leadership, and policy experience, including their current role as a California State Fellow with the Solis Policy Institute. Yuli's ability to balance local priorities with broader planning and policy perspectives makes them well-suited for this role.

I believe Yuli will be an excellent addition to the Commission and Advisory Board, and I strongly support their application.

Sincerely,

Leslie McFarlane

Health Policy Lead, Bringing Up California

Re: Recommendation for Yuli Smith

Dear Members of the Appointment Committee,

I am writing to recommend Yuli Smith for appointment to the Temecula Planning Commission and Old Town Local Advisory Board.

I have known Yuli through [relationship] and have seen their dedication to families, small businesses, and our community. Yuli's leadership as a business owner, nonprofit co-founder, and California State Fellow demonstrates their ability to balance local needs with broader planning priorities. I believe they will be a thoughtful and effective member of the Commission and Advisory Board.

Sincerely,

Tristen Orosco

Developed community relationships and partnerships in order to improve our community.

Community Engagement

Provide a list of your past involvement in the community and/or volunteer activities in the City of Temecula.

Volunteered for and have been involved with numerous organizations over the years including Rotary, TVUSD, Temecula Chamber/Valley Young Professionals.

Statement of Interest

Describe why you wish to serve on this board, committee or commission and why you believe you are qualified to serve in this capacity.

As a 25 year Temecula resident, Old Town resident, engaged voter and citizen, I believe it is an obligation to serve the community that has made much of the success in my life possible. I attended my first public meeting at the age of 10 - a meeting of the public traffic safety commission - where My mom and I advocated for a crosswalk near Redhawk Elementary School. Since then, I have been routinely attending city meetings since high school, where I participated in the youth in government program and served as a youth council member. It would have been easy to simply go on with my life and let others advocate for our community - we are fortunate to have many in Temecula with a servant heart - but I have always felt that the best way to show your appreciation is with words and action. I have been able to lend my voice on issues in our community before, and I will continue to do so. Growing up in Temecula, my family would ride our bikes to Old Town to get ice cream and walk around our beautiful downtown district. I cherish these memories, and I'm reminded of them every time I come to Old Town. I also now as an adult, enjoy our thriving entertainment and nightlife, along with delicious food and drink options. Many new memories have been made in our new Old Town Temecula. I believe it is possible to have both memories simultaneously, and to have an Old Town that is a place for everyone to live, work, and play. Temecula has always been defined by how we trailblaze forward into known and unknown challenges. I believe I am uniquely qualified to advise our city leaders by working with other community and business leaders in Old Town, and our community at large.
