THE CITY COUNCIL OF THE CITY OF TEMECULA DOES HEREBY ORDAIN AS FOLLOWS:

Section 1. Procedural Findings. The City Council of the City of Temecula does hereby find, determine, and declare that:

A. City staff identified the need to make minor revisions and clarifications to portions of Title 5 (Business Licenses and Regulations), Title 8 (Health and Safety), Title 9 (Public Peace, Morals and Welfare), Title 10 (Vehicles and Traffic) and Title 17 (Zoning) of the Temecula Municipal Code.

B. As required by State law, the Planning Commission considered the proposed amendments to Title 17 (Zoning) of the Temecula Municipal Code (“Code Amendments”) on June 3, 2026, at a duly noticed public hearing as prescribed by law, at which time the City staff and interested persons had an opportunity to and did testify either in support of or opposition to this matter.

C. At the conclusion of the Planning Commission hearing and after due consideration of the testimony, the Planning Commission adopted PC Resolution No. 2026- , recommending that the City Council approve the Code Amendments.

D. The City Council, at a regular meeting, considered the Ordinance on July 14, 2026, at a duly noticed public hearing, as prescribed by law, at which time the City Staff and interested persons had an opportunity to and did testify either in support or opposition to this matter.

E. Following the public hearing, the City Council considered the entire record of information received at the public hearings before the Planning Commission and City Council.

Section 2. Further Findings. The City Council, in approving the proposed Ordinance, hereby makes the following additional findings as required by Section 17.01.040 (“Relationship to General Plan”) of the Temecula Municipal Code:

1. The proposed uses are allowed in the land use designation in which the use is located, as shown on the land use map, or is described in the text of the general plan.

The Code Amendments remove guest house as a permitted residential accessory use and add greenhouse as a permitted residential accessory use for residentially zoned properties. Guesthouse shares the same definition as an Accessory Dwelling Unit or ADU and, therefore, its inclusion is duplicative. All other proposed amendments are operational requirements for businesses, clarifications or administrative corrections and do not propose any land use changes contrary to the adopted General Plan.

2. The proposed uses are in conformance with the goals, policies, programs, and guidelines of the elements of the general plan.

The proposed changes to Title 17 conform with the goals, policies, programs, and guidelines of the elements of the General Plan. The proposed changes clarifies ownership of Conditional Use Permits, which furthers Policy 1.2 of the Economic Development Element of the Temecula General Plan, which is to “Encourage the growth and expansion of industry by providing high quality municipal services, facilities, and economic development assistance.” The proposed changes amend residential solid waste design requirements to ensure design excellence is met which is consistent with Goal 1 of the Community Design Element of the Temecula General Plan which states, “Design excellence in site planning, architecture, landscape architecture and signs.” The remaining proposed amendments to the Temecula Municipal Code are minor clarifications and administrative corrections and do not result in an inconsistency between the Temecula Municipal Code and the adopted General Plan.

3. The proposed uses are to be established and maintained in a manner which is consistent with the general plan and all applicable provisions contained therein.

The proposed amendments to Title 17 of the Temecula Municipal Code do not propose any land use that is inconsistent with the Temecula General Plan. The majority of the Code

Amendments do not create or allow new uses where they were not previously allowed. Only the revisions to the Industrial and Business Park Zoning Districts impact the use of land. The Code Amendments remove guesthouse and add greenhouse as accessory residential uses. The guest house land use is duplicative and uses are inconsistent with the types of uses permitted in the LI and BP Zoning districts and are being removed to ensure these zones are being appropriately used.

Section 3. Environmental Findings. The City Council hereby finds that this Ordinance is exempt from the requirements of the California Environmental Quality Act (“CEQA”) pursuant to Title 14 of the California Code of Regulations, Section 15061(b)(3) because it can be seen with certainty that there is no possibility that the Code Amendments would have a significant impact on the environment. The Code Amendments impose regulations on existing uses, but do not increase the intensity or density of any land use or allow any development where it was not otherwise permitted. The Title 17 amendments do not propose any land use that is inconsistent with the General Plan or allow new uses where they were not previously allowed. The Community Development Director is hereby directed to file a Notice of Exemption in accordance with CEQA and the State CEQA Guidelines.
