**RECOMMENDATION:** That the City Council authorize the purchase of lighting equipment for the Sports Field Lighting – LED Conversion Project, from Musco Sports Lighting, LLC, in the amount of \$426,735, plus a contingency of \$15,000 for delivery and handling, for a total of \$441,735.

**BACKGROUND:** In September 2022, the Public Works Department obtained a quotation from Musco Sports Lighting, LLC, for the LED conversion of the current metal halide lighting at the Ronald Reagan Sports Park North/South Sports Fields. The Sports Field Lighting - LED Conversion Project provides for the replacement of the aging sports field lighting componenets with new LED technology at various sports parks. This project enhances the safety of sport field users, reduces unnecessary light polution and increases energy efficiency at City Parks.

Musco Sports Lighting, LLC is an industry leader, specializing in the design and manufacture of sports and transportation/infrastructure lighting, offering permanent and temporary lighting systems for new and retrofit projects. Musco lighting systems are utilized in public and private applications, including schools, cities, facility owners, and transportation operators. Musco Sports Lighting, LLC, has been awarded a contract through Sourcewell, formerly known as the National Joint Powers Alliance (NJPA), for Indoor/Outdoor Athletic Surfacing with Related Equipment Products, Supplies, Installation and Services. The contract agreement between Musco Sports Lighting, LLC and Sourcewell is in effect to 08/27/23. As a member agency, the City can procure certain services and equipment through Sourcewell and save time and resources. Staff therefore recommends the approval of this agreement with Musco Sports Lighting, LLC for the purchase of LED fixtures for the Ronald Reagan Sports Park N/S Fields.

**FISCAL IMPACT:** Adequate funds are available in the Sports Field Lighting - LED Conversion Project as identified in the Fiscal Years 2023-27 Capital Improvement Program. This project is funded with TEAM and Measure S.
