BACKGROUND: The Temecula Public Financing Authority (the “Authority”) was created pursuant to a joint exercise of powers agreement between the City of Temecula and the Temecula Redevelopment Agency on April 24, 2001. An Amendment was approved on November 10, 2015, to replace the Temecula Redevelopment Agency with the Successor Agency to the Temecula Redevelopment Agency, due to the Statewide dissolution of all redevelopment agencies, effective February 1, 2012. In addition, the Temecula Community Services District and the Temecula Housing Authority were added as parties to the Authority Joint Exercise of Powers Agreement.

The special tax levy for each CFD is calculated each year based on the formula established in the Rate and Method of Apportionment (RMA), established when the CFD was formed. The special tax levy funds the debt service payments, administrative costs or municipal services which are detailed in the attached Budget Reports for each CFD. The amount of the levies fluctuate each year due to changes in delinquency rates, debt service amounts, or administrative charges.

The special tax levies required for Fiscal Year 2026-27, as calculated by the City’s special tax consultant, Webb Municipal Finance, LLC, are summarized in the following table.
