MEMORANDUM OF RECENT CONVERSATIONS BETWEEN MT. SAN JACINTO COMMUNITY COLLEGE
DISTRICT (MSJC) & CITY OF TEMECULA

Dear Betsy,

MSJC requests City of Temecula provide its proposed \$500,000 earmarked for MSJC directly to California State University San Marcos (CSUSM) in pursuit of CSUSM's tenant improvements to MSJC's Temecula Valley Campus (TVC) Building B. In addition to moving MSJC closer to its goal of creating a campus that embodies synergies between our 2-year college and 4-year university partners to form a higher education complex for the Temecula region, opportunities for joint use of specialized spaces created as part of CSUSM's tenant improvements provides an opportunity for MSJC to further expand its career educational programs at the site. We see this investment in CSUSM in conjunction with other funding sources they are marshalling to build an enduring presence at TVC as providing improvements far more valuable to MSJC and the region than a \$500,000 stand-alone contribution.

Respectfully,

Jeannine Stokes,
Vice President of Human Resources

Hi Michael –

Thank you for your call and information. We appreciate your collaboration with CSUSM, and the ever expanding educational programs, 2-year college and 4-year university opportunities, and creative joint uses that MSJC continues to bring to this world class Temecula Valley Campus.

We'll bring this request/modification forward to City Council, and keep you posted.

Thank you,

Betsy Lowrey

Hi Betsy,

Thank you for making the time to chat with me by telephone earlier this afternoon – I appreciate it!

Here is a recap of the salient points we discussed:

MSJC requests City of Temecula provide its proposed \$500k earmarked for MSJC directly to CSUSM in pursuit of CSUSM's tenant improvements to MSJC's Temecula Valley Campus (TVC) Building B. In addition to moving MSJC closer to its goal of creating a campus that embodies synergies between our 2-year college and 4-year university partners to form a higher education complex for the Temecula region, opportunities for joint use of specialized spaces created as part of CSUSM's tenant improvements provides an opportunity for MSJC to further expand its career educational programs at the site. We see this investment in CSUSM in conjunction with other funding sources they are marshalling to build an enduring presence at TVC as providing improvements far more valuable to MSJC and the region than a \$500k stand-alone contribution.

Best wishes to you and the entire City of Temecula team for a fantastic weekend,
