

COMPREHENSIVE GENERAL PLAN UPDATE
Infrastructure Project

Project Description: California State Law requires that each city adopt a comprehensive General Plan as the fundamental policy document for future development. It provides the framework for management and utilization of the City's physical, economic, and human resources. This document guides civic decisions regarding land use, conservation of existing housing and the provision of new dwelling units, the provisions of supporting infrastructure and public services, the protection of environmental resources, the allocation of fiscal resources, and the protection of residents from natural and human-caused hazards. The City's General Plan was last updated in 2005. The General Plan will serve as the blueprint for the community for approximately the next fifteen years. This project will update all of the elements of the General Plan and will also include the implementation of new legislation to ensure compliance with State Law.

Benefit: The General Plan update satisfies all six of the City's core values: Healthy and Livable City; Economic Prosperity; Safe and Prepared Community; Sustainable City; Transportation, Mobility, and Connectivity; and Accountable and Responsive Local Government.

Core Value: Healthy and Livable City

Project Status: This project is ongoing.
