Issue: Explore how best to access park funding through the Land and Water Conservation Fund (LWCF) which is administered as pass through funding to States.

- **Construct Modular Outdoor Skate Park** on approximate 0.58 acre vacant parcel owned by City of Temecula, located adjacent to Boys and Girls Club of Southwest County property at 28790 Pujol Street (southeast corner of Pujol Street and First Street in Temecula, CA). Project includes: grading, asphalt paving, fencing, lighting and construction of ramps, platforms, decks, safety rails and rail features for use as outdoor skate park. Project includes parking for approximately 30 cars and modular skate park features to accommodate approximately skaters of all age ranges and ability levels. This location is strategically selected as it is surrounded by many diverse multi-family housing options and will provide needed recreational amenities within walking distance to benefit the youth in this area of Temecula which includes multiple Affordable Housing projects sponsored by the City of Temecula.
- **Construct a regional sports park** on property owned by the Riverside County Flood Control and Water Conservation District. Site is location of planned flood control detention basin for federally authorized Murrieta Creek Flood Control, Environmental Restoration and Recreation Project. Project includes grading, installation of irrigation, turf grass, lighting, access road, 500 parking spaces and 18 full size multi-use soccer fields, with fitness loop trail around perimeter. The City of Temecula Community Services Master Plan (CSMP), completed in 2020, identified a critical lack of park space in the project location, and lack of sports fields throughout the City. These additional sports

fields will offer opportunities to develop and deliver new and innovative outdoor programming including programs for senior citizens, veterans groups, and individuals with special needs. Also, the City of Temecula is in the southwestern most region of Riverside County and significant distance from other regional sports parks. This park will provide valuable outdoor recreation opportunities for Temecula residents as well as other surrounding cities that also lack sports fields, many of which are economically disadvantaged.

12:00 pm Director Hugh T. Clements, Jr.
Shannon Long, Deputy Director
Office of Community Oriented Policing Services (COPS)
US Department of Justice
Two Constitution Square | 145 N Street, NE | Washington, DC 20530
