

**TEMECULA COMMUNITY SERVICES DISTRICT  
AGENDA REPORT**

**TO:** General Manager/Board of Directors

**FROM:** Erica Russo, Director of Community Services

**DATE:** July 8, 2025

**SUBJECT:** Approve Sponsorship Agreement with disABILITY Sports Foundation in Support of Human Services Programs and Activities

---

**PREPARED BY:** Kassandra Ambriz, Community Services Coordinator II

**RECOMMENDATION:** That the Board of Directors approve the sponsorship agreement with non-profit disABILITY Sports Foundation in support of various human services programs and activities.

**BACKGROUND:** The City of Temecula is committed to serving youth with special needs and their families. As outlined in the Youth Master Plan Addendum, the City has developed a framework that includes a set of strategic directions that outline the major categories of action for achieving the community's vision and desired outcome to serve youth with special needs. Categories include Community Education, Volunteerism, Training, Public-Private Partnerships and Resources, and Programs and Services. The goals in developing these strategies are to facilitate partnerships, leverage existing resources, and capitalize on the community's "can do" spirit.

The Partnership between the City of Temecula and disABILITY Sports Foundation exists to leverage resource opportunities; create, expand, and improve programs and services; facilitate inclusion, and promote special needs awareness. The City of Temecula and disABILITY Sports Foundation have worked cooperatively to host various programs, services, and events for the residents of Temecula and surrounding cities. This partnership will continue through the following activities:

**Beep Baseball Clinic:** The disABILITY Sports Foundation will host a Beep Baseball Clinic which will provide people who are blind and visually impaired the opportunity to learn and play baseball while adapting the sport to meet their needs.

**Special Needs Playground Programs:** The nonprofit will partner with the City's Social Skills Program at Michael "Mike" Naggar Community Park and Friendship Park to host two-hour Special Needs Programs year-round on various dates during the Spring, Summer, and Fall which will include recreational activities, arts and crafts, and enrichment.

**FISCAL IMPACT:** No fiscal impact, as all sponsorship is in-kind support.

**ATTACHMENTS:** Agreement
