Supervising Legal Certification Clerk

County of Riverside

P.O. Box 751

Riverside, CA 92501-0751

**SUBJECT: Filing of a Notice of Exemption for Planning Application No. PA22-0987, a Development Plan for an approximately 38,653 square-foot, three story, medical office building located on the west side of Avenida De Misiones approximately 425 feet south of Temecula Parkway**

Dear Sir/Madam:

Enclosed is the Notice of Exemption for the above referenced project. In addition, pursuant to Assembly Bill 3158 (Chapter 1706) the Applicant will pay for the County Administrative fee to enable the City to file the Notice of Exemption required under Public Resources Code Section 21152 and 14 California Code Regulations 1507. The payment of the \$50.00 filing fee is under protest. It is the opinion of the City that the administrative fee has been increased in a manner inconsistent with the provisions of State Law. Under Public Resources Code Section 21152 and 14 California Code Regulations 1507, the County is entitled to receive a \$25.00 filing fee.

Also, please email a stamped copy of the Notice of Exemption **within five working days** after the 30-day posting to the email listed below.

If you have any questions regarding this matter, please contact Scott Cooper at (951) 506-5137 or at email [scott.cooper@TemeculaCA.gov](mailto:scott.cooper@TemeculaCA.gov).

Sincerely,

Matt Peters

Director of Community Development

Temecula, CA 92590

**Project Title:** Parker Medical II (PA22-0987)  
**Description of Project:** Development Plan for an approximately 38,653 square-foot, three story, medical office building  
**Project Location:** APN: 961-290-003  
**Applicant/Proponent:** City of Temecula, County of Riverside

The Planning Commission approved the above-described project on July 16, 2025, and found that the project is exempt from the provisions of the California Environmental Quality Act, as amended.

Exempt Status: (*check one*)

- ☐ Ministerial (Section 21080(b)(1); Section 15268);  
☐ Declared Emergency (Section 21080(b)(3); Section 15269(a));  
☐ Emergency Project (Section 21080(b)(4); Section 15269(b)(c));  
☐ Statutory Exemptions (Section Number: )  
☒ Categorical Exemption: (Section Number 15332, Class 32, In-Fill Development Projects)  
☐ Other:

Statement of Reasons Supporting the Finding that the Project is Exempt:

(a) The project is consistent with the applicable general plan designation and all applicable general plan policies as well as with applicable zoning designation and regulations.

*The project is consistent with the applicable General Plan designation because a medical office building is a permitted use within the Professional Office zoning district. The project also meets all applicable General Plan policies and Zoning regulations including General Plan Economic Development Policy 2.4 which encourages professional office development in key locations such as high traffic volume corridors along the SR-79 South (Temecula Parkway) corridor.*

(b) The proposed development occurs within city limits on a project site of no more than five acres substantially surrounded by urban uses.

*The project is located within City limits and is located on a site that is 1.20 acres in size. The proposed project is substantially surrounded by commercial and residential development, and major roadways.*

(c) The project site has no value as habitat for endangered, rare or threatened species.

*The project was required to go through the Habitat Assessment and Negotiation Strategy (HANS) process since the project site is located within a Multi Species Habitation Conservation Strategy (MSHCP) criteria cell. After review by the Regional Conservation Authority and State and Federal agencies, a Joint Project Review was issued (JPR 22-10-04-01) that determined the project is consistent with the both the Criteria and Other Plan requirements with implementation of measures included within the JPR.*

- (d) Approval of the project would not result in any significant effects relating to traffic, noise, air quality, or water quality.

*The proposed project was required to prepare a Project-Specific Water Quality Management Plan (WQMP) that was reviewed and conceptually accepted for entitlement by City Staff, as the WQMP meets the requirements of the City of Temecula. A traffic analysis was not required as part of this project and the proposed use is allowed within the Professional Office zoning district. Therefore, the project is not anticipated to result in any significant effects relating to traffic, noise, air quality, or water quality as the project, as conditioned, is an allowed use per the City of Temecula General Plan.*

- (e) The site can be adequately served by all required utilities and public services.

*The project site is surrounded by development and is able to be serviced by all required utilities and public services.*
