BACKGROUND SUMMARY

On June 15, 2023, James Wood submitted Planning Application No. PA23-0251, a Conditional Use Permit to allow for the operation of an event center at the existing Redhawk Golf Course pavilion. In addition, James Wood submitted Planning Application No. PA23-0327 on August 15, 2023, a Specific Plan Amendment for the Redhawk Specific Plan to provide a revision to the uses associated with the golf course and add related standards for those uses. The intent of these applications is to allow the golf course to conduct weddings/events within the existing pavilion. Many golf courses host weddings and other events. The addition of a wedding/event center will improve the economic viability of the Redhawk Golf Course. On March 16, 2026, staff was informed that Robbi Snider would be the new applicant for the project.

The project was most recently heard at the February 4, 2026 Planning Commission public hearing. Information was presented at this hearing that provided evidence illustrating that the project was in conformance with the City’s Noise Ordinance. However, at the conclusion of the hearing the Planning Commission voted to have the applicant relocate speaker locations to the ceiling and implement some type of sound wall or curtain. The applicant was also required to conduct additional sound testing once these items were in place. The applicant agreed to these requirements. In addition, the Commission requested clarification related to operational hours, specifically, with regard to when events must cease.

ANALYSIS

Sound Testing

Per the City of Temecula General Plan, the maximum exterior noise level for residential uses is 65 decibels. The Mitigation Monitoring and Reporting Program prepared for the project provided mitigation to ensure this maximum is not exceeded. Mitigation measures include the following:

1. Amplified speakers be limited to a maximum of 84 dBA at a distance of 50 feet to meet noise requirements (65 dBA)
2. Golf course representative/event coordinator shall complete a noise measurement at 50 feet downstream from (or directly in front of) the amplified speakers and maintain a logbook for 90 days.

Limiting the amplified speakers to a maximum 84 dBA at a distance of 50 feet ensured that decibels achieved a maximum level of 60 according to a noise study conducted for the project by Kimley-Horn. This level is below the 65-decibel maximum allowed by the City's General Plan.

As previously mentioned, the Planning Commission required the applicant to relocate speakers to the ceiling, install some type of sound detinning apparatus and then conduct an additional sound study. The applicant relocated speakers to the ceiling, installed retractable screening, and installed Indian Laurel trees. The applicant sought to have Kimley-Horn conduct a revised sound study to analyze any changes to the decibel levels. However, the cost of conducting a revised noise study proved to be cost prohibitive. Therefore, the applicant conducted their own noise monitoring with a dedicated decibel reader. This monitoring was conducted on March 21, 2026 at a wedding with a DJ. The applicant chose six measurement locations located on residential property lines. Each location was tested for 30 seconds. It is important to note that the applicant utilized a dedicated decibel reader to conduct testing.

The additional steps implemented by the applicant lowered the decibel readings at the adjacent residential property lines. For example, decibel readings at the property line immediately west of the project site originally measured between 55 and 60 decibels. These areas now measure 50.1 and 51.6 decibels. These values continue to be lower than the maximum 65 decibel permitted by the City's General Plan. The attached map shows each measurement location and associated decibel readings.

Operational Closing

The Commission requested clarification related to when events must cease. The project has been designed to require events stop at 9:00 PM. Event clean-up must be completed by 10:00 PM. The Statement of Operations and Conditions of Approval (COA No. 13) have been revised to make this clarification.

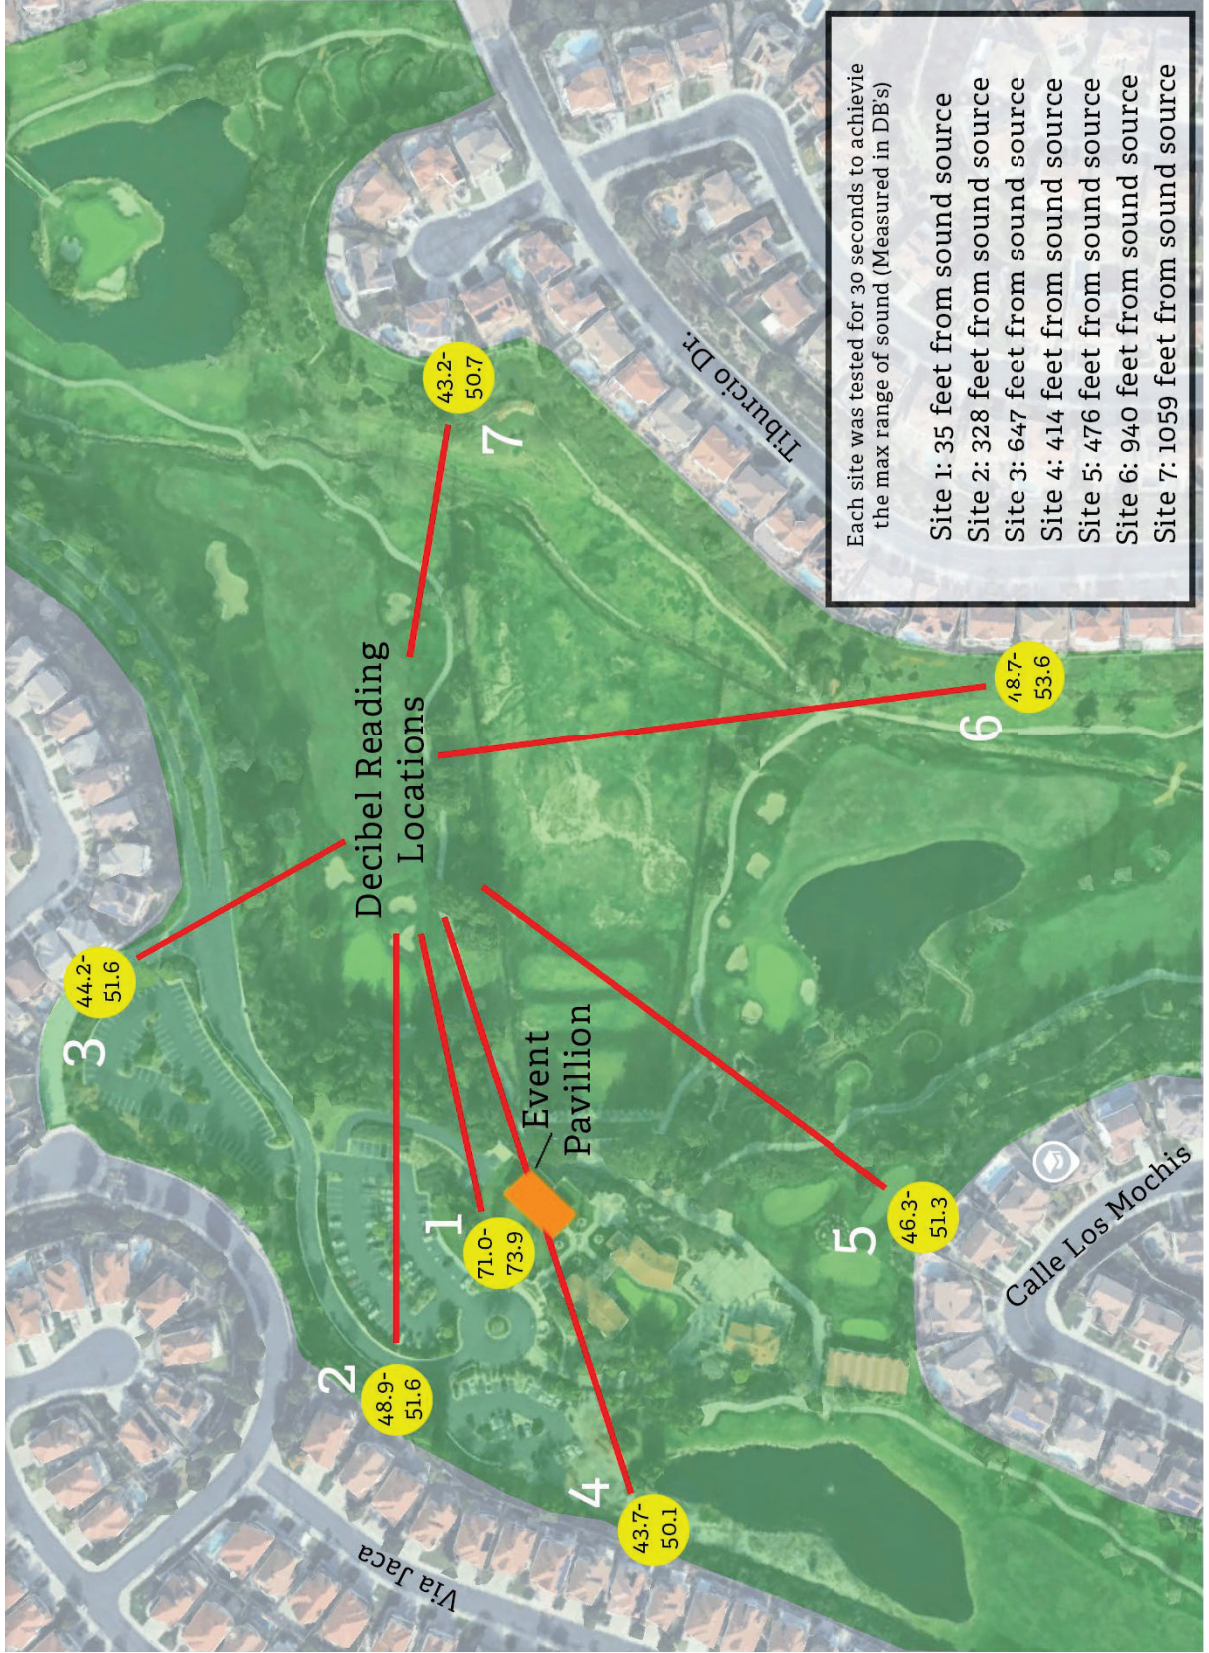

LEGAL NOTICING REQUIREMENTS

Notice of the public hearing was published in *The Press-Enterprise* on September 24, 2025, and mailed to the property owners within the required 600-foot radius.

Section C: Statement of Operations
April 2026

1. Description of Project, Hours and Days of Operation. *Proposed business operations would be to allow events to be held in the area currently being utilized for special golfing events. Events would be allowed up to 3 days per week (Monday through Sunday) from 12:00 PM - 9:00 PM, with amplified noise and the event ending at 9:00 PM and cleanup by completed by 10 PM.*

2. Number of employees. *The approximate maximum number of employees provided by outside vendors for events with 130 guests is 15 per event.*

3. Proposed Private Security (if required). *Security may be provided depending on the number of guests and the type of alcohol that will be served. Security needs will be determined on an as needed basis.*

4. Estimated Number of Customers and Parking Required. *Approximately 130 guests maximum per event. The amount of required parking for the proposed uses has been included in the overall parking for the entire site and based upon SP requirements:*

Total required for CUP: 86 spaces (194 spaces including required 108 golf course parking spaces)

Total provided: 194 spaces (includes 5 ADA spaces)

5. Food, Alcohol, Live Entertainment. *Food will be catered by outside vendors; catering companies will be contracted to provide the food, chefs, servers, etc., as needed. Redhawk Golf Course has a full liquor license, our desire is to provide and bartend the alcohol. There may be situations where liquor, typically wine and champagne, may be provided by a licensed caterer, and/or bartending may be provided by the caterer. Live entertainment may include, but not be limited to, DJ, bands, musicians, etc. All live entertainment will be required to comply with noise ordinances and conditions of approval.*

Section D: Statement of Justification
April 2026

1. Is the site suitable and adequate for the proposed use?

The proposed use will be located on a site that currently conducts golf-related events with up to 144 people. Based on this information, with proposing approximately 130 guests present, the site is suitable and adequate for the proposed use.

2. Would the proposed use and design have a substantial adverse effect on traffic circulation and on the planned capacity of the street system?

The proposed Project will not have a substantial adverse effect on traffic circulation as the existing use allows for up to 144 people per event and the proposed Project would only seek to allow approximately 130 guests per event.

Guests typically utilize multiple modes of transportation to arrive at events and may be dropped off to the site via limousines, ride share companies, buses, and/or a combination thereof. Also, a

majority of guests typically will arrive together, with a conservative estimate of 2 people per vehicle. Additionally, golf guests begin to depart and numbers thin out between noon and 2 PM. Based on the above information, no substantial adverse impacts are anticipated.

3. Would the proposed use have a substantial adverse impact on the general welfare of persons residing in the community?

The proposed Project will result in additional noise generating uses due to amplification associated with events. A Noise Study has been prepared identifying sensitive receptors and the location of noise generating sources. The Noise Study contains one recommended mitigation measure pertaining to the DJ set-up that will keep noise at or below General Plan Noise Element standards.

Events would be allowed 3 days per week from 3:00 PM - 9:00 PM.

Based on the above information, no substantial adverse impacts are anticipated.

4. Is the design of the project compatible with the existing and proposed development within the district and its surroundings?

The existing uses are currently compatible with the existing single-family development in proximity to the Project site. There are currently no issues pertaining to compatibility and with incorporation of noise mitigation the proposed Project will remain compatible with the existing single-family development. There is no other proposed development within proximity to the proposed Project site.

PC RESOLUTION NO. 2026-

A RESOLUTION OF THE PLANNING COMMISSION OF THE CITY OF TEMECULA RECOMMENDING THAT THE CITY COUNCIL OF THE CITY OF TEMECULA ADOPT THE MITIGATED NEGATIVE DECLARATION AND MITIGATION MONITORING AND REPORTING PROGRAM PREPARED FOR THE REDHAWK SPECIFIC PLAN AMENDMENT GENERALLY LOCATED APPROXIMATELY 1,500 FEET FROM THE REDHAWK PARKWAY AND VAIL RANCH PARKWAY INTERSECTION (APN: 962-040-012)

Section 1. Procedural Findings. The Planning Commission of the City of Temecula does hereby find, determine and declare that:

A. On June 15, 2023, James Wood, on behalf of Redhawk Golf Course, filed Planning Application No. PA23-0251, a Conditional Use Permit to allow a wedding/event center to be operated as part of an existing golf course. On August 15, 2023, James Wood, on behalf of Redhawk Golf Course, filed Planning Application PA23-0327, a Specific Plan Amendment for the Redhawk Specific Plan to provide a revision to uses associated with the golf course and add related standards for those uses. Both applications were submitted in a manner in accord with the City of Temecula General Plan and Development Code.

B. The project site is approximately 100 acres and generally located approximately 1,500 feet from the Redhawk Parkway and Vail Ranch Parkway Intersection.

C. The applications were processed including, but not limited to a public notice, in the time and manner prescribed by State and local law, including the California Environmental Quality Act, Public Resources Code 21000, et seq. and the California Environmental Quality Act Guidelines, 14 Cal. Code Regs 15000 et seq. (collectively referred to as “CEQA”).

D. Pursuant to the California Environmental Quality Act (CEQA) (Pub. Res. Code § 21000, et seq.) and the State CEQA Guidelines (14 Cal. Code Regs. § 14000, et seq.), the City is the lead agency for the Project.

E. The City contracted with Kimley-Horn for the independent preparation of an Initial Study to analyze the potential environmental effects of the Project. Based on the information contained in the Initial Study, Kimley-Horn and City staff concluded that the Project could have a significant effect on the environment, but that mitigation measures could be implemented to reduce such impacts to a less than significant level. Based upon this determination, Kimley-Horn prepared, and City staff concurred in, a Draft Mitigated Negative Declaration (“Draft MND”) in accordance with CEQA Section 21080(c) and Section 15070 of the State CEQA Guidelines.

F. The City circulated a Notice of Intent to Adopt the Draft MND, along with the MND and its Appendices to the public and other interested parties, for a 30-day comment period between June 30, 2025 through July 30, 2025. A Notice of Intent was also sent to adjacent property owners indicating a review period of June 30, 2025 through July 30, 2025. The City published a

Notice of Intent for the Draft MND in the Press Enterprise, a newspaper of general circulation within the City. Copies of the documents have been available for public review and inspection at the offices of the Department of Community Development, located at City Hall, 41000 Main Street, Temecula, Ca 92590, Chamber of Commerce, located at 26790 Ynez Court, Suite A, Temecula CA 92591, Ronald Roberts Public Library, located at 30600 Pauba Road, Temecula, CA 92592, and on the City of Temecula website.

G. During the comment period, the City received two written comments on the Draft MND from various agencies, individuals, and organizations and a response to all the comments made therein was prepared, submitted to the Planning Commission, and incorporated into the administrative record of the proceedings.

H. The “Final Mitigated Negative Declaration” (“Final MND”) consists of the Draft MND, response to comments, and all of its appendices and the Mitigation Monitoring and Reporting Program. The Final MND was made available to the public and to all commenting agencies on September 22, 2025, which is at least 10 days prior to certification of the Final MND, in compliance with Public Resources Code Section 21092.5(a).

I. On May 6, 2026, the Planning Commission, held a duly noticed public hearing to consider the Final MND and the Project, at which time the Planning Commission heard and considered information presented by City staff on the Project and its environmental review. In addition, all interested persons had an opportunity to and did testify regarding this matter.

J. Public Resources Code Section 21081.6 requires the City to prepare and adopt a Mitigation Monitoring and Reporting Program for any project for which mitigation measures have been imposed to assure compliance with the adopted mitigation measures. The Mitigation Monitoring and Reporting Program is attached hereto as Exhibit A and is incorporated herein by reference.

Section 2. Findings. After due consideration of the Final MND and the Project and in the exercise of its independent judgment, the Planning Commission hereby finds and resolves that:

A. All of the above recitals are true and correct, and are hereby incorporated into this section as though set forth in full.

B. Agencies and interested members of the public have been afforded ample notice and opportunity to comment on the Draft MND, the Final MND and on the Project. The Project has been environmentally reviewed pursuant to the provisions of CEQA and the State CEQA Guidelines.

C. The Planning Commission has reviewed and considered the administrative record before it, which is hereby incorporated by reference, and which includes the written comments on the Draft MND the Final MND and its Appendices, staff reports and presentations and all oral and written testimony.

D. The Planning Commission has reviewed the Final MND and all comments received regarding the Final MND prior to and at the May 6, 2026 public hearing, and based on the whole record before it finds that: (1) the Final MND was prepared in compliance with CEQA; (2) there

is no substantial evidence that the Project will have a significant effect on the environment; and (3) the Final MND reflects the independent judgment and analysis of the Planning Commission.

E. The Planning Commission, in the exercise of its independent judgment, recommends that the City Council adopt the Final MND, and a Mitigation Monitoring and Reporting Program for the Project. The Planning Commission further recommends that the mitigation measures set forth therein be made applicable to the Project.

Mitigation Monitoring and Reporting Program Redhawk Golf Course - Specific Plan Amendment

A.1 STATUTORY REQUIREMENTS

The purpose of this program is to identify the changes to the project, which the Lead Agency has adopted or made a condition of a project approval, in order to mitigate or avoid significant effects on the environment. The City of Temecula is the Lead Agency that must adopt the mitigation monitoring and reporting program. Section 21069 of the California Environmental Quality Act (CEQA) statute defines Responsible Agency as a public agency, other than the Lead Agency, which has the responsibility for carrying out or approving a project.

CEQA statutes and Guidelines provide direction for clarifying and managing the complex relationships between a Lead Agency and other agencies with respect to implementing and monitoring mitigation measures. In accordance with CEQA Guidelines Section 15091(d) "when making the findings required in subdivision (a)(1) of CEQA, the agency shall also adopt a program for reporting on or monitoring the changes which it has either required in the project or made a condition of approval to avoid or substantially lessen significant environmental effects. These measures must be fully enforceable through permit conditions, agreements, or other measures."

Furthermore, Section 15097.d states "each agency has the discretion to choose its own approach to monitoring or reporting; and each agency has its own special expertise." This discretion will be exercised by implementing agencies at the time they undertake any of the individual improvement projects identified in the Draft IS/MND.

A completed and signed checklist for each measure indicates that a measure has been implemented and fulfills the City's monitoring requirements with respect to Public Resources Code Section 21081.6.

D. All legal preconditions to the adoption of this Resolution have occurred.

Section 2. Environmental Compliance Findings. The Planning Commission hereby makes the following environmental findings and determinations in connection with the approval of Specific Plan Amendment Application No. PA23-0327:

A. The Project was processed, including but not limited to all public notices, in the time and manner prescribed by State and local law, including the California Environmental Quality Act, Public Resources Code 21000, et seq. and the California Environmental Quality Act Guidelines, 14 Cal. Code Regs 15000 et seq. (collectively referred to as “CEQA”).

B. The City contracted with Kimley-Horn for the independent preparation of an Initial Study to analyze the potential environmental effects of the Project. Based on the information contained in the Initial Study, Kimley-Horn and City staff concluded that the Project could have a

significant effect on the environment, but that mitigation measures could be implemented to reduce such impacts to a less than significant level. On May 6, 2026, the Planning Commission held a duly noticed public hearing on the Project and considered the Draft MND, response to comments, and all of its appendices (collectively, the Final MND) and Mitigation Monitoring and Reporting Program, at which time the City staff and interested persons had an opportunity to, and did testify either in support of or opposition to this matter.

D. Following consideration of the entire record before it at the public hearing and due consideration of the Project the Planning Commission adopted Resolution No. 2026-___. “A RESOLUTION OF THE PLANNING COMMISSION OF THE CITY OF TEMECULA RECOMMENDING THAT THE CITY COUNCIL ADOPT THE FINAL MITIGATED NEGATIVE DECLARATION AND MITIGATION MONITORING AND REPORTING PROGRAM FOR THE REDHAWK SPECIFIC PLAN AMENDMENT PROJECT CONSISTING OF APPROXIMATELY 100.9 ACRES GENERALLY LOCATED APPROXIMATELY 1,500 FEET SOUTH OF THE REDHAWK PARKWAY AND VAIL RANCHO INTERSECTION (APN: 962-040-012)”

Section 3. Further Findings. The Planning Commission, in recommending approval the Specific Plan Amendment Application No. PA23-0327, hereby finds, determines and declares that: Specific Plan Amendment Application No. PA23-0327 is consistent with the General Plan for the City of Temecula and with all applicable requirements of State law and other Ordinances of the City:

A. The proposed Specific Plan Amendment is consistent with the General Plan and Development Code.

The proposed Specific Plan Amendment conforms to the existing policies within the City of Temecula General Plan. Goal 7 speaks of having “Community gathering areas which provide for the social, civic, cultural and recreational needs of the community. Specifically, Policy 7.4 encourages common areas and facilities within residential developments that provide gathering areas for social and recreational activities. The proposed wedding and event center is consistent with this goal and policy. The proposed Specific Plan Amendment also complies with all applicable Development Code standards required for Specific Plan amendments including Section 17.16.060 (amendments to approved plans) and Section 17.01.040 (relationship to the General Plan) and is consistent with the City of Temecula General Plan goals, policies, and objectives.

B. The proposed Specific Plan Amendment would not be detrimental to the public interest, health, safety, convenience, or welfare of the City.

The proposed Specific Plan Amendment has been reviewed pursuant to the City’s General Plan and all applicable State laws and has been found to be consistent with the policies, guidelines, standards, and regulations intended to ensure that the development within the Redhawk

Specific Plan area will be constructed and function in a manner consistent with the public health, safety, and welfare. The amendment won't be detrimental to the public interest, health, safety, convenience, or welfare of the City because mitigation has been placed on the project. This mitigation will ensure that noise levels are within in the City's acceptable range. In addition, the amendment is placing limits on the use that do not currently exist. These include, limiting the number of events to no more than three per week and limiting the number of guests in attendance to 130 persons.

C. The subject property is physically suitable for the requested land use designations and the anticipated land use developments.

The Specific Plan amendment will not require any physical modifications in order to allow for the wedding/event center as this use will be allowed in the outdoor covered pavilion. All appropriate infrastructure is already in place. As such, the project has been reviewed based on existing structures and infrastructure. The new uses are physically suitable for the land use designations proposed by the amended Redhawk Specific Plan.

D. The proposed Specific Plan Amendment shall ensure the development of desirable character which will be compatible with existing and proposed development in the surrounding neighborhood.

The project site is already developed with a golf course and related amenities such as a restaurant, clubhouse and pro shop. The golf course currently allows for golf-related events at the pavilion. These include, tournaments, trophy presentations, and other golf-related social events. The amendment will allow for the ability of the golf course to conduct weddings and other events. These types of events are typical of golf courses and as such will be compatible with the character of the existing development and land uses. The pavilion is located approximately 300 feet from the nearest residential property line. Mitigation has been included with the project that will limit speaker volume to a maximum of 84 dBA at a distance of 50 feet. In addition, speakers shall be limited to the southeast corner of the pavilion.

Section 4. Recommendation. The Planning Commission of the City of Temecula hereby recommends that the City Council adopt an Ordinance entitled, "AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF TEMECULA AMENDING PLANNING AREA 36 OF THE REDHAWK SPECIFIC PLAN TO ALLOW WEDDING/SPECIAL EVENT USES AND STANDARDS RELATED TO THOSE USES ON AN APPROXIMATELY 100.9 ACRE SITE GENERALLY LOCATED ON SOUTH OF THE REDHAWK PARKWAY AND VAIL RANCH PARKWAY INTERSECTION (APN: 962-040-012)". This includes inspecting the bar and back bar, store room, office, closed or locked cabinets, safes, kitchen, or any other area within the licensed premises. It is legal and reasonable for licensees to exclude the public from some areas of the premises. However, licensees cannot and must not deny entry to, resist, delay, obstruct, or assault a peace officer (Sections 25616, 25753, and 25755 B&P; 148 and 241 (b) PC).

The premises must comply with all regulations of the local health department. Incidental, sporadic or infrequent sales of meals or a mere offering of meals without actual sales is not compliance. “Meals” means the usual assortment of food commonly ordered at various hours of the day. The service of only sandwiches or salads is not considered compliance. However, certain specialty entrees, such as pizza, fish or ribs, and an assortment of other foods, such as soups, salads or desserts, may be considered a meal. The Department will presume that a licensee is operating as a bona fide eating place if the gross sales of food prepared and sold to guests on the premises exceeds the gross sales of alcoholic beverages. “Prepared” means any processing preliminary to the final serving of food. Some ABC licenses have special conditions (restrictions) as to hours of sale that are stricter than the law. Those licenses are marked “Conditional” (23805 B&P).

**SUPPLEMENTAL STAFF REPORT – PLANNING
CITY OF TEMECULA
PLANNING COMMISSION**

DATE OF MEETING: February 4, 2026

TO: Planning Commission Chairperson and members of the Planning Commission

FROM: Matt Peters, Director of Community Development

PREPARED BY: Maricela Marroquin, Assistant City Attorney

RECOMMENDATION: That prior to consideration of the proposed Redhawk Specific Plan Amendment and conditional use permit application, the Commission Secretary randomly select Commissioner Turley-Trejo, Commissioner Watson or Commissioner Matics pursuant to Section 18705 of the Regulations of the Fair Political Practices Commission to achieve a quorum for this Agenda Item since these three Commissioners have a conflict because they own residential property in the Redhawk Specific Plan and three affirmative votes of the Commission are required by State law to adopt a resolution recommending to the City Council approval of a Specific Plan amendment.

BACKGROUND SUMMARY

Commissioner Turley-Trejo, Commissioner Watson, and Commissioner Matics all live within the Redhawk Specific Plan. They have a conflict of interest pursuant to Section 18702.2(a) of the Regulations of the Fair Political Practices Commission from participating in a decision pertaining to the proposed Redhawk Specific Plan amendment/conditional use permit application due to the proximity of their residences to the location of the golf course that proposes to add weddings and other special events to the types of uses allowed at the project site.

ANALYSIS

Procedure for Random Selection Pursuant to Section 18705 of the Fair Political Practices Commission Regulations

Government Code section 65453(a) provides that a specific plan shall be prepared, adopted, and amended in the same manner as a general plan, except that a specific plan may be adopted by resolution or by ordinance and may be amended as often as deemed necessary by the legislative body. Government Code section 65354 provides that the planning commission shall make a written recommendation on the adoption or amendment of a general plan by the affirmative vote of not less than a majority of the total membership of the commission.

Since the Temecula Planning Commission has five members, three affirmative votes are required to adopt a resolution recommending that the City Council approve an amendment to the Redhawk Specific Plan.

The personal residences of Commissioner Turley-Trejo, Commissioner Watson and Commissioner Matics are located within the Redhawk Specific Plan. Specifically, Commissioner Turley-Trejo's property is located within 170 feet of the nearest property line of the golf course, and approximately 2,378 feet from the outdoor pavilion. Commissioner Watson's property is located within 735 feet from the property line of the golf course and approximately 1,864 feet from the outdoor pavilion. Commissioner Matics' property directly abuts the golf course and is located approximately 4,800 feet from the outdoor pavilion.

In the opinion of the Assistant City Attorney, Commissioner Turley-Trejo and Commissioner Matics may not participate in the Planning Commission's decision pertaining to the Redhawk Specific Plan amendment/conditional use permit application pursuant to Section 18702.2(a)(7) of the Regulations of the Fair Political Practices Commission because the Planning Commission's action involves property located 500 feet or less from the property line of the parcel where the pavilion is located and there is not clear and convincing evidence that the decision will not have any measurable impact on their properties.

In the opinion of the Assistant City Attorney, Commissioner Watson may not participate in the Planning Commission's decision pertaining to the Redhawk Specific Plan amendment/conditional use permit application pursuant to Section 18702.2(a)(8) of the Regulations of the Fair Political Practices Commission because the Planning Commission's action involves property located between 500 and 1,000 feet from the property line of the parcel where the pavilion is located, and the project could impact the character of the neighborhood by substantially altering the intensity of use or noise levels in either a positive or negative way.

Based on the facts set forth above, there is a reasonably foreseeable financial effect of a governmental decision on a parcel of real property in which Commissioner Turley-Trejo, Commissioner Watson and Commissioner Matics have a financial interest that is material.

In the event that a potential conflict of interest will prevent a legislative body from achieving a quorum for the transaction of business, Section 18705 of the Fair Political Practices Commission Regulations specifically authorizes the random selection of one or more members of a legislative body that would have a financial interest in a decision to participate in that decision if necessary to achieve a quorum of the legislative body. Therefore, in order to achieve a quorum of three Members of the Planning Commission to consider the Redhawk Specific Plan amendment/conditional use permit application, it is necessary to randomly select either Commissioner Turley-Trejo, Commissioner Watson and Commissioner Matics to achieve the required quorum so that one of them can legally participate in the proceedings.

The following procedures have been found by decisions of the Fair Political Practices to meet the requirements of Section 18705 of the Fair Political Practices Commission Regulations for the random selection of a Planning Commissioner to achieve the required quorum for consideration of the Redhawk Specific Plan amendment/conditional use permit application:

1. The random selection process will occur just prior to consideration of the Specific Plan amendment and conditional use permit by the Planning Commission at the public session at the February 4, 2026 regular meeting of the Planning Commission.
2. The Supplemental Agenda Report includes a description of the nature of the economic interest of the members involved, the real property interests of the members involved, and a description of the circumstances in which the conflict might arise, and the legal necessity of achieving a quorum to act on this matter, as required by Section 18705.
3. The Commission Secretary will stand in front of the public audience, with the Assistant Community Development Director as a witness, and place the names of Commissioner Turley-Trejo, Commissioner Watson and Commission Matics on individual pieces of paper into a clear bowl and folded so that their names are not visible or otherwise identifiable.
4. The Commission Secretary will announce that he will draw the name of one of these Commissioners from the bowl and that the Commissioner whose name is drawn will be deemed randomly selected to participate in all matters of the Planning Commission pertaining to the proposed Redhawk Specific Plan Amendment and conditional use permit application.
5. The Commission Secretary will then draw a piece of paper from the bowl and announce the name of the Commissioner selected to participate in all actions related to the proposed Redhawk Specific Plan Amendment and conditional use permit application.
6. The Commission Secretary will specifically record in the official minutes of the Planning Commission a description of the process employed and the name of the Commissioner randomly selected to participate.
7. The Commissioner randomly selected will then be entitled to participate in all actions related to the proposed Redhawk Specific Plan Amendment and conditional use permit application.
