

**CITY OF TEMECULA
AGENDA REPORT**

TO: City Manager/City Council

FROM: Ron Moreno, Director of Public Works/City Engineer

DATE: January 28, 2025

SUBJECT: Approve the Maintenance Services Agreement with Tony Painting for Annual Painting Maintenance Services

PREPARED BY: Rebecca Kiser, Management Assistant

RECOMMENDATION: That the City Council approve the maintenance services agreement with Tony Painting for annual painting maintenance services for fiscal year 2024-25 through 2029-30, in the amount of \$200,000 per fiscal year, for a total agreement amount of \$1,000,000.

BACKGROUND: On August 2, 2024, the Public Works Department Maintenance Division posted on the City of Temecula's online bidding services, Planet Bids, a Request for Proposal (RFP) No. 299, for painting maintenance services. These services will provide annual painting of interior and exterior surfaces at parks and facilities, including on-call and emergency call-out services, as needed, throughout the city. The Public Works Department received six (6) electronic proposals. Selected panel members reviewed each proponents' submittals and collectively determined Tony Painting, to be the most qualified and competitively priced vendor to provide annual painting maintenance services.

Staff is recommending the approval of an agreement with Tony Painting, for annual painting maintenance services.

FISCAL IMPACT: The cost for annual painting maintenance services will be applied to various cost centers, as services are rendered for each facility or park site, and adequate funds are available in both the Capital Improvement Program (CIP) Fiscal Years 2024-25 and Annual Operating Budget Fiscal Year 2024-25.
