**\$ 216,750.00**

The Fire Engine Use Agreement is utilized in the event that a fire engine(s) was initially purchased by the CITY, and then the CITY elects to have the COUNTY take ownership of said fire engine(s). The Fire Engine Use Agreement guarantees the CITY the use of this fire engine(s).

This fire engine(s) shall be used as an integrated unit for Fire Services as set forth in this Cooperative Agreement between the COUNTY and CITY, and shall be stationed primarily in the CITY. The change in ownership of the fire engine does not waive or supersede any responsibilities of the CITY pursuant to this Agreement. This exhibit is strictly to further detail for the CITY, the responsibilities and costs associated within the Cooperative Agreement between the COUNTY and CITY; therefore, the Fire Engine Use Agreement is inseparable.

The CITY must transfer title of said fire engine(s) to the COUNTY. When the CITY transfers title of said fire engine(s) to the COUNTY, the COUNTY will take

ownership of the said fire engine(s), and the COUNTY will maintain insurance on said fire engine(s).

The COUNTY will ensure a working fire engine(s) is available for the CITY at all times under this Agreement. All capital improvements and/or betterments (per ACO standard practice manual) to the fire engine(s) listed above will be the responsibility and paid for by the owner of said fire engine(s).

When the Riverside County Fire Department Fleet personnel determine the fire engine(s) listed above is due for replacement, the COUNTY will purchase a new fire engine(s).

The annual cost for this service is calculated at 1/20 of the replacement cost. The current replacement cost is \$867,000. The cost is based on the actual costs for Type I Fire Engines. If this Agreement is entered into mid-year, the annual cost will be prorated accordingly. Replacement cost is subject to change based on current Type I Fire Engine cost. See each respective fiscal year's Exhibit "A" for current Fire Engine Use Agreement costs.

The CITY may opt out of this Agreement at any time in writing and the costs will be prorated accordingly by fiscal year. No refunds will be provided for any prior payments. If the fire engine(s) have been titled to the COUNTY and the fire engine(s) are still within their useful life cycle, the ownership will not revert back to the CITY unless the entire Cooperative Agreement is terminated.
