

**TRAFFIC SAFETY COMMISSION  
AGENDA REPORT**

**TO:** Traffic Safety Commission

**FROM:** Ron Moreno, Director of Public Works/City Engineer

**DATE:** February 27, 2025

**SUBJECT:** Signing and Striping modifications at the intersection of North General Kearny and Calle Pina Colada

---

**PREPARED BY:** Nick Minicilli, Senior Traffic Engineer  
Erick Escobedo, Associate Civil Engineer

**RECOMMENDATION:** That the Traffic Safety Commission receive and file the report.

**BACKGROUND:** In November 2024, Meadowview HOA submitted complaints regarding operational issues at the intersection of North General Kearny and Calle Pina Colada. These concerns centered on frequent accidents at the intersection, which resulted in property damage and repair costs for the HOA.

After conducting a field review of the current conditions, staff determined that updating the signing and striping could improve traffic flow and safety at this intersection. The current signage and striping are outdated, and the proposed updates would enhance overall intersection safety.

Staff recommend implementing the proposed signing and striping changes as outlined in Exhibit A.

**FISCAL IMPACT:** Minor cost associated with signing and striping modifications.

**ATTACHMENTS:** Exhibit A – North General Kearny & Calle Pina Colada Restriping
