Assembly Constitutional Amendment No. 8

RESOLUTION CHAPTER 156

Assembly Constitutional Amendment No. 8—A resolution to propose to the people of the State of California an amendment to the Constitution of the State, by adding Section 4 to Article XXI thereof, relating to redistricting.

[Filed with Secretary of State August 21, 2025.]

LEGISLATIVE COUNSEL'S DIGEST

ACA 8, Rivas. Congressional redistricting.

The California Constitution establishes the Citizens Redistricting Commission, which is required to adjust the boundary lines of congressional, Senate, Assembly, and State Board of Equalization districts in the year following the year in which the national census is taken at the beginning of each decade.

This measure, which would include a legislative finding that it is in response to redistricting in Texas in 2025, would, notwithstanding the authority of the Citizens Redistricting Commission, require the state to temporarily use the congressional districts reflected in AB 604 of the 2025–26 Regular Session for every congressional election until the new congressional boundary lines are drawn by the commission in 2031.

Resolved by the Assembly, the Senate concurring, That the Legislature of the State of California at its 2025–26 Regular Session, commencing on the second day of December 2024, two-thirds of the membership of each house concurring, hereby proposes to the people of the State of California that the Constitution of the State be amended as follows:

First—This measure shall be known, and may be cited, as the "Election Rigging Response Act."

Second—The people of the State of California find and declare all of the following:

(a) President Donald Trump has called on Republican-led states to undertake an unprecedented mid-decade redistricting of congressional seats to rig the 2026 United States midterm elections before voting begins.

(b) The State of Texas has convened a special session of its Legislature to redraw congressional district maps to unfairly advantage Republicans.

(c) The Legislature of the State of Florida has established a select committee to advance an extraordinary mid-decade redistricting to unfairly advantage Republicans.

(d) Republicans have urged the State of Ohio to conduct its mid-decade redistricting to unfairly produce more Republican seats in Congress.

(e) Republican officials in the States of Indiana, Missouri, New Hampshire, Nebraska, and South Carolina are also considering President

in the name of the people of the State of California

Trump's call for the mid-decade redistricting of congressional seats to unfairly advantage Republicans.

(f) President Trump and Republicans are attempting to gain enough seats through redistricting to rig the outcome of the 2026 United States midterm elections regardless of how the people vote.

(g) President Trump's election-rigging scheme is an emergency for our democracy.

(h) The 2026 United States midterm elections are voters' only chance to provide an essential check and balance against President Trump's dangerous agenda.

(i) California has long stood as a national leader for fair, independent, and nonpartisan redistricting.

(j) California calls on all other states to commit to fair and impartial drawing of maps.

(k) California has a duty to defend democracy.

(l) The 2026 United States midterm elections for Congress must be conducted on a level playing field without an extreme and unfair advantage for Republicans.

(m) The people of California, not politicians, should have the power to approve temporary congressional district maps in response to President Trump's election-rigging scheme.

(n) It is the intent of the people that California's temporary maps be designed to neutralize the partisan gerrymandering being threatened by Republican-led states without eroding fair representation for all communities.

Third—That Section 4 is added to Article XXI thereof, to read:

SEC. 4. (a) It is the policy of the State of California to support the use of fair, independent, and nonpartisan redistricting commissions nationwide. The people of the State of California call on the Congress of the United States to pass federal legislation and propose an amendment of the United States Constitution to require the use of fair, independent, and nonpartisan redistricting commissions nationwide.

(b) In response to the congressional redistricting in Texas in 2025, and notwithstanding any other provision of this Constitution or existing law, the single-member districts for Congress reflected in Assembly Bill 604 of the 2025–26 Regular Session pursuant to the requirements of Chapter 5 (commencing with Section 21400) of Division 21 of the Elections Code shall temporarily be used for every congressional election for a term of office commencing on or after the date this subdivision becomes operative and before the certification of new congressional boundary lines drawn by the Citizens Redistricting Commission pursuant to subdivision (d).

(c) (1) The Attorney General has the sole legal standing to defend any action regarding a congressional district map adopted pursuant to subdivision (b).

(2) The California Supreme Court has original and exclusive jurisdiction in all proceedings in which a congressional district map adopted pursuant to subdivision (b) is challenged.

— Ital

(d) The Citizens Redistricting Commission established pursuant to Section 1 shall continue to adjust the boundary lines of the congressional, State Senatorial, Assembly, and Board of Equalization districts in conformance with the standards and process set forth in Section 2 in 2031, and every 10 years thereafter as provided in Section 1.

1-a

Fourth—The provisions of this measure are severable. If any portion, section, subdivision, paragraph, clause, sentence, phrase, word, or application of this measure is for any reason held to be invalid by a decision of any court of competent jurisdiction, that decision shall not affect the validity of the remaining portions of this measure. The Legislature hereby declares that it would have proposed, and the voters hereby declare that they would have adopted, this measure and every portion, section, subdivision, paragraph, clause, sentence, phrase, word, and application not declared invalid or unconstitutional without regard to whether any portion of this measure or application of this measure would be subsequently declared invalid.

STOP TRUMP FROM RIGGING THE 2026 ELECTION

Donald Trump and Texas Republicans are making an unprecedented power grab to steal congressional seats and rig the 2026 election before voting even begins.

Other Republican states are following suit. They want to steal enough seats to control Congress even if voters overwhelmingly reject their agenda.

This isn't politics as usual. It's an emergency for our democracy.

ENSURE FAIR REPRESENTATION IN CONGRESS

We have already seen how Trump has recklessly imposed tariffs and hurt California families, denied disaster assistance to fire victims, and ordered mass arrests without warrants. The 2026 election for Congress represents our only chance to provide an essential check and balance on Trump's dangerous agenda.

If Californians don't act now, Donald Trump will seize total power for two more years.

(Proposition 50, the Election Rigging Response Act, will put a stop to their anti-democratic scheme. Here's what it does.

- **LEVELS THE PLAYING FIELD.** Prop 50 makes sure the 2026 mid-term elections are conducted on a level playing field without an unfair advantage for Republicans.
- **COMMITTS TO FAIR REDISTRICTING.** Prop 50 reaffirms California's commitment to independent redistricting and calls for a nationwide commitment to fair and impartial maps.
- **GIVES VOTERS THE POWER.** Prop 50 puts the power in the hands of the People of California, not backroom politicians, to approve emergency congressional district maps in response to Trump's election rigging scheme.
- **IS FAIR AND PROPORTIONAL.** Prop 50 provides emergency maps only because Republicans moved forward with their power grab.

(
SUBJECT TO COURT

**ARGUMENT IN FAVOR OF
PROPOSITION 50**

- **IS TEMPORARY.** These maps expire in 2030. Prop 50 preserves California's award-winning redistricting reforms and reaffirms the California Citizens Redistricting Commission's authority to draw congressional districts after the next census.

The stakes couldn't be higher. If Republicans rig the election and steal control of Congress next year, they'll continue to eliminate healthcare for millions of Americans, slash funding for schools, and cut essential services for veterans to pay for tax breaks for billionaires and big corporations.

PROTECT DEMOCRACY IN ALL 50 STATES

California has a duty to defend democracy. To do that, we can't unilaterally disarm or fight with both hands tied behind our backs. When Trump tries to rig elections, we must fight back with every tool available.

Prop 50 draws fair maps that represent California's diverse communities and ensure our voices aren't silenced by partisan gerrymandering in other states.

California leads the nation in protecting voting rights and fair elections. When other states try to silence our voices and rig the system, we must respond decisively.

We know American democracy is on fire, but accelerating gerrymandering only adds fuel
Politicians are seizing this crisis to justify a power grab.

PROP 50 DOES NOT DEFEND OUR DEMOCRACY

Prop 50 is not a magic pill to cure the nation's ills. It claims to protect democracy, yet
diminishes our communities' voices and is ineffective against any overreach of presidential
power. Vote NO.

California gerrymandering allowed the Legislature to draw partisan seats without transparency
or citizen input, solely to protect incumbents. By 2001, the government was gridlocked, with
legislators held hostage to the extremes of their parties.

Voters rose up and handed line-drawing over to citizens, resulting in:

- **Competitive Districts:** Previously safe seats now must be earned.
- **Better Representation:** Women in the Legislature doubled, Asian representation tripled,
Black representation nearly doubled, and Latino seats grew by 8%.

PROPOSITION 50: A POWER GRAB BY POLITICIANS

Prop 50 was written by politicians, for politicians. Prop 50 dismantles constitutional safeguards that keep election maps fair. It removes requirements to keep cities, counties, and local communities together, and eliminates voter protections that ban maps designed to favor incumbents or political parties — putting politicians back in charge of drawing their own districts, or those of their friends.

A “NO” vote protects fair elections and keeps the people of California — not politicians — in charge of redistricting.

NO ON PROP 50: IT REPEALS LANDMARK VOTER-APPROVED ELECTION REFORMS

For decades, Sacramento politicians drew their own district boundaries behind closed doors with no public oversight — guaranteeing their reelection, denying voters a real choice, and shutting out many women and people of color from elected office.

In 2008, California voters approved historic election reform — creating the independent California Citizens Redistricting Commission. Voters decided district lines should be drawn by a balanced panel of everyday citizens — not by politicians who stood to benefit.

ARGUMENT AGAINST PROPOSITION

50

Prop 50 throws out citizen-drawn congressional maps created through a transparent public process with input from over 35,000 Californians. Instead, politicians secretly drew maps — leaving voters with NO real say.

NO ON PROP 50: ANOTHER SCHEME TO PERMANENTLY END INDEPENDENT REDISTRICTING

In 2008 and 2010, the Democratic Party and special interests spent millions of dollars to stop citizen redistricting. Later, the California Republican Party even sued to overturn citizen-drawn maps — and lost. Now, Sacramento politicians are scheming to regain control with Prop 50.

Make no mistake: Prop 50 is not temporary. For over half a decade, politicians get to impose their gerrymandered maps. Worse, it sets a dangerous precedent — opening the door for Sacramento to keep drawing election maps beyond 2031 — giving politicians permanent power to shield themselves and their allies from accountability for California's high cost of living, skyrocketing housing costs, and rising energy bills.

The same politicians who opposed independent redistricting from the start now claim Prop 50 will "save democracy." In truth, Prop 50 weakens fair representation by shutting the public out and bringing gerrymandering back to California.

Prop 50 is not democratic; It gives voters a take-it-or-leave-it decision on the most partisan maps in California's history — a product of politicians' secretive backroom deals with ZERO meaningful public engagement.

Prop 50 divides communities to benefit politicians, splitting counties 114 times and cities 141 times — far more than the citizen-drawn maps.

"When politicians gerrymander, they divide our neighborhoods and weaken the voice of communities of color. Whatever happens in Texas, we cannot save democracy by destroying it in California. Vote NO on Prop 50." —

Reverend Mac Shorty, Civil Rights Leader

WARNING: NO ON 50 IS BACKED BY TRUMP EXTREMISTS

Who's spending millions against Prop 50?

An anti-choice mega-millionaire named Charles Munger Jr. who wants to help Donald Trump and Red State Republicans rig the 2026 elections and hand Trump unchecked power for two more years.

Independent redistricting commissioners, election experts and leading civil rights organizations — from the NAACP to the National Democratic Redistricting Committee — urge you to reject the lies spread by NO on 50's phony front groups.

Lie #1: *"Prop 50 repeals landmark voter-approved election reforms."* This is plainly false. Prop 50 calls on all states to end partisan gerrymandering and reaffirms the power of the California Citizens Redistricting Commission to draw the lines after the next census.

Lie #2: *"Prop 50 removes requirements to keep cities, counties, and local communities together."* Prop 50 does the opposite, keeping MORE cities and counties combined, and communities together than California's existing maps.

Lie #3: *"Prop 50 puts politicians back in charge of drawing their own districts."* Untrue. Prop 50 puts power to approve emergency maps in the hands of voters, not politicians.

Lie #4: *"Prop 50 permanently ends independent redistricting."* Also untrue. Prop 50 is a temporary and proportional response to Trump's election-rigging scheme and expires in 2030.

Proposition 50
Authorizes Temporary Changes to Congressional District Maps in
Response to Texas' Partisan Redistricting. Legislative Constitutional
Amendment.

BACKGROUND

U.S. Congress

U.S. Congress. The U.S. Congress is the part of the federal government that makes laws. Congress has two parts: the U.S. Senate and the U.S. House of Representatives (House). Each of the 50 states is represented by 2 senators, with 100 senators in total. The House has 435 members. The number of representatives in the House for each state depends on how many people live in that state. Each member in the House represents an area of the state called a congressional district. California currently has 52 congressional districts. Voters who live in each congressional district elect one member of the House every two years to represent them. The next election for all 435 representatives will be in 2026.

U.S. Census Counts States' Populations Every Ten Years. The number of people living in an area goes up and down over time. Every ten years, the U.S. Census counts the number of people who live in the U.S. The last census was in 2020, and the next census is in 2030. This count is used to determine how many people live in each state and how many representatives in the House each state gets for the next ten years.

Congressional Redistricting

Each State Draws Congressional District Maps Following the U.S. Census. Every ten years, after the U.S. Census is completed, states draw new congressional district maps to reflect their number of House representatives and where people live. This process is called

“redistricting.” Each state decides what process to use to draw its new district maps. When drawing new maps, each state must follow federal laws. For example, each congressional district in the state must represent about the same number of people.

States Typically Do Not Redistrict Sooner Than Every Ten Years. States typically only draw congressional district maps every ten years, unless a court orders changes to comply with the law. In August 2025, however, the Texas Legislature passed a bill to adopt new maps for the 2026 elections without a court order. Several other states also are considering changes to their maps before the 2026 elections.

Congressional Redistricting in California. State legislatures draw congressional district maps in most states, but some states use commissions to do this job. Before 2010, the California Legislature drew the state’s congressional district maps. In 2010, California voters gave this job to an independent commission known as the California Citizens Redistricting Commission (Commission). The Commission includes 14 members: 5 Democratic members, 5 Republican members, and 4 members who are not registered with either of those political parties. When the Commission draws new congressional district maps, it must follow federal and state laws. For example, state law requires, among other things, the Commission to avoid splitting up neighborhoods or local communities of interest to the extent possible. State law also prohibits the Commission from considering political parties, current office holders, or people running for office when it draws the maps.

Current California Congressional Districts. The Commission drew the current maps for California’s 52 congressional districts. These maps were based on the 2020 U.S. Census and have been used since the 2022 congressional elections.

PROPOSAL

California's Congressional District Maps

Use Legislatively Drawn Congressional District Maps Until After the Next Census.

Proposition 50 replaces California's current congressional district maps with new, legislatively drawn maps. (The total number of districts would not change.) Proposition 50's maps must follow federal law, but they are not required to follow the state requirements placed on the Commission. The state would use Proposition 50's maps for congressional elections starting in 2026. The state would use these maps until the Commission draws new district maps, following the 2030 U.S. Census.

National Congressional Redistricting

Call for Change in Federal Law. Proposition 50 asks the U.S. Congress to change federal law and propose an amendment to the U.S. Constitution to require redistricting be done by "fair, independent, and nonpartisan redistricting commissions nationwide." Proposition 50 expresses voter support for this idea, but does not change federal law or require any particular action of Congress or the California Legislature.

FISCAL EFFECTS

Minor One-Time Costs to County and State Elections Officials. Counties run elections, and the state oversees them. Because most congressional districts in California would change at least some under the new maps, county and state elections officials would need to update election materials. This would result in one-time costs to counties of **up to a few million dollars** statewide and one-time costs to the state of **roughly \$200,000**. The state amount is much less than one-tenth of 1 percent (0.1 percent) of the state's roughly \$220 billion General Fund budget.

(The General Fund is the account the state uses to pay for most public services, including education, health care, and prisons.)
