

Section C: Statement of Operations

7/30/25

El Ranchito Taco Shop is first and foremost a family restaurant. Our main function is to prepare and serve authentic Mexican food to the patrons who visit us in Temecula. We are seeking to add to the selection of alcoholic beverages that we are permitted to sell and serve alongside our food options. Currently we have our Type 41 license and offer a selection of bottled beers. If approved, we will be adding various basic cocktails that contain tequila, a spirit that is an integral part of Mexican culture. We aim only to enhance our casual dining atmosphere.

We recognize that recent ordinances allow the restaurants the serving of alcohol until 11:59 pm, however our regular hours of operation will be daily from 8 am to 10 pm. In the event that live entertainment is proposed we would consider applying for the live entertainment license and close promptly at midnight. (As consistent per Temecula regulations).

The total number of employees is estimated to be between 12-16. The number of employees present at one time varies throughout the week from 4 employees present at one time to 8 employees present at one time. All employees serving alcohol will be Responsible Beverage Training (RBS) certified. Our estimated number of customers is expected to fluctuate throughout the week. We estimate an average of 150 patrons daily spread throughout the hours we are open. We are not seeking a live entertainment permit. There is shopping center parking with roughly 50 spots available.

Upgrading from the Type 41 Beer and Wine License to the Type 47 Liquor License will not significantly affect our current day to day business operations as our primary function is and will remain serving food.

All alcohol will be served through the bar in our new unit expansion once construction is complete. The new unit is directly attached to our existing unit. The bar is shown in the attached floor plan.
