PLANNING DIVISION

Within 48 Hours of the Approval

1. Applicant Filing Notice of Determination. **APPLICANT ACTION REQUIRED:**

The applicant/developer is responsible for filing the Notice of Determination as required under Public Resources Code Section 21152 and California Code of Regulations Section 15062 within 48 hours of the project approval. If within said 48-hour period the applicant/ developer has not filed the Notice of Determination as required above, the approval for the project granted shall be void due to failure of this condition. Failure to submit the Notice of Exemption will result in an extended period of time for legal challenges.

FEES:

Fees for the Notice of Exemption include the Fifty Dollar County (\$50.00) administrative fee. The County of Riverside charges additional fees for credit card transactions.

FILING:

The City shall provide the applicant with a Notice of Determination within 24 hours of approval via email. If the applicant/developer has not received the Notice of Determination within 24 hours of approval, they shall contact the case Planner immediately. All CEQA documents must be filed online with the Riverside County Assessor – County Clerk- Recorder. A direct link to the CEQA filings page is available at TemeculaCA.gov/CEQA.

COPY OF FILINGS:

The applicant shall provide the City with a digital copy of the required filings within 48 hours.

General Requirements

2. Indemnification of the City. Indemnity, Duty to Defend and Obligation to Pay Judgments and Defense Costs, Including Attorneys' Fees, Incurred by the City. The Applicant shall defend, indemnify, and hold harmless the City, its elected officials, officers, employees, volunteers, agents, and those City agents serving as independent contractors in the role of City officials (collectively "Indemnitees") from and against any claims, damages, actions, causes of actions, lawsuits, suits, proceedings, losses, judgments, costs, and expenses (including, without limitation, attorneys' fees or court costs) in any manner arising out of or incident to the Planning Commission's actions, this approval and the City Council's actions, related entitlements, or the City's environmental review thereof. The Applicant shall pay and satisfy any judgment, award or decree that may be rendered against City or the other Indemnitees in any such suit, action, or other legal proceeding. The City shall promptly notify the Applicant of any claim, action, or proceeding and the City shall reasonably cooperate in the defense. If the City fails to promptly notify the Applicant of any claim, action, or proceeding, or if the City fails to reasonably cooperate in the defense, the Applicant shall not thereafter be responsible to defend, indemnify, or hold harmless the City or the Indemnitees. The City shall have the right to select counsel of its choice. The Applicant shall reimburse the City, and the other Indemnitees, for any and all legal expenses and costs incurred by each of them in connection therewith or in enforcing the indemnity herein provided. Nothing in this condition shall be construed to require the Applicant to indemnify Indemnitees for any claim arising from the sole negligence or willful misconduct of the Indemnitees. In the event such a legal action is filed challenging the City's determinations herein or the issuance of the approval, the City shall estimate its expenses for the litigation. The Applicant shall deposit said amount with the City or, at the discretion of the City, enter into an agreement with the City to pay such expenses as they become due.

3. Expiration. This approval shall be used within two years of the approval date; otherwise, it shall become null and void. Use means the beginning of substantial construction contemplated by this approval within the two-year period, which is thereafter diligently pursued to completion, or the beginning of substantial utilization contemplated by this approval, or use of a property in conformance with a Conditional Use Permit.
A modification made to an approved development plan does not affect the original approval date of a development plan.
4. Time Extension. The Director of Community Development may, upon an application being filed prior to expiration, and for good cause, grant a time extension of up to five extensions of time, one year at a time.
A modification made to an approved development plan does not affect the original approval date of a development plan.
5. Conformance with Approved Plans. The development of the premises shall substantially conform to the approved site plan and elevations contained on file with the Planning Division.
6. Modifications or Revisions. The developer shall obtain City approval for any modifications or revisions to the approval of this project.
7. Statement of Operations. The applicant shall comply with their Statement of Operations dated January 3, 2023, on file with the Planning Division, unless a conflict exists between the Statement of Operations and these Conditions of Approval, in which case the Conditions of Approval control.
8. Revocation of CUP. This Conditional Use Permit may be revoked pursuant to Section 17.03.080 of the City's Development Code.
9. City Review and Modification of CUP. The City, its Director of Community Development, Planning Commission, and City Council retain and reserve the right and jurisdiction to review and modify this Conditional Use Permit (including the Conditions of Approval) based on changed circumstances. Changed circumstances include, but are not limited to, the modification of business, a change in scope, emphasis, size of nature of the business, and the expansion, alteration, reconfiguration or change of use. The reservation of right to review any Conditional Use Permit granted or approved or conditionally approved hereunder by the City, its Director of Community Development, Planning Commission and City Council is in addition to, and not in-lieu of, the right of the City, its Director of Community Development, Planning Commission, and City Council to review, revoke or modify any Conditional Use Permit approved or conditionally approved hereunder for any violations of the conditions imposed on such Conditional Use Permit or for the maintenance of any nuisance condition or other code violation thereon.

Prior to Release of Power, Building Occupancy or Any Use Allowed by This Permit

10. Compliance with Conditions of Approval. All of the foregoing conditions shall be complied with prior to occupancy or any use allowed by this approval.

BUILDING AND SAFETY DIVISION

General Requirements

11. Final Building and Safety Conditions. Final Building and Safety conditions will be addressed when building construction plans are submitted to Building and Safety for review. These conditions will be based on occupancy, use, the California Building Code (CBC), and related codes which are enforced at the time of building plan submittal.

12. Compliance with Code. All design components shall comply with applicable provisions of the most current edition of the California Building, Plumbing and Mechanical Codes; California Electrical Code; California Administrative Code, Title 24 Energy Code, California Title 24 Disabled Access Regulations, and Temecula Municipal Code as identified in Title 15 of the Temecula Municipal Code.
13. ADA Access. Applicant shall provide details of all applicable disabled access provisions and building setbacks on plans to include:
 - a. Disabled access from the public way to the main entrance of the building.
 - b. Van accessible parking located as close as possible to the main entrance of the building.
 - c. Accessible path of travel from parking to the furthest point of improvement.
 - d. Path of accessibility from parking to furthest point of improvement.
 - e. Accessible path of travel from public right-of-way to all public areas on site, such as trash enclosures, clubhouses, and picnic areas.
14. County of Riverside Mount Palomar Ordinance. Applicant shall submit, at time of plan review, a complete exterior site lighting plan showing compliance with County of Riverside Mount Palomar Ordinance Number 655 for the regulation of light pollution. All streetlights and other outdoor lighting shall be shown on electrical plans submitted to the Building and Safety Division. Any outside lighting shall be hooded and aimed not to shine directly upon adjoining property or public rights-of-way. All exterior LED light fixtures shall be 3,000 kelvin or below.
15. Street Addressing. Applicant must obtain street addressing for all proposed buildings by requesting street addressing and submitting a site plan for commercial or multi-family residential projects or a recorded final map for single-family residential projects.
16. Clearance from TVUSD. A receipt or clearance letter from the Temecula Valley Unified School District shall be submitted to the Building and Safety Department to ensure the payment or exemption from School Mitigation Fees.
17. Obtain Approvals Prior to Construction. Applicant must obtain all building plans and permit approvals prior to commencement of any construction work.
18. Obtaining Separate Approvals and Permits. Trash enclosures, patio covers, light standards, and any block walls will require separate approvals and permits. Solid covers are required over new and existing trash enclosures.
19. Demolition. Demolition permits require separate approvals and permits.
20. Sewer and Water Plan Approvals. On-site sewer and water plans will require separate approvals and permits.
21. Hours of Construction. Signage shall be prominently posted at the entrance to the project, indicating the hours of construction, as allowed by the City of Temecula Code Section 9.20.060, for any site within one-quarter mile of an occupied residence. The permitted hours of construction are Monday through Saturday from 7:00 a.m. to 6:30 p.m. No work is permitted on Sundays and nationally recognized Government Holidays.
22. House Electrical Meter. Provide a house electrical meter to provide power for the operation of exterior lighting, irrigation pedestals and fire alarm systems for each building on the site. Developments with single user buildings shall clearly show on the plans how the operation of exterior lighting and fire alarm systems when a house meter is not specifically proposed.

FIRE PREVENTION

General Requirements

23. Fire Dept. Plan Review. Final fire and life safety conditions will be addressed when building plans are reviewed by the Fire Prevention Bureau. These conditions will be based on occupancy, use, the California Building Code (CBC), California Fire Code (CFC), and related codes which are in force at the time of building plan submittal. If the buildings are less than 3,600 square feet then they are not required to be equipped with a fire sprinkler system or a fire alarm system. For buildings that are equipped with a Type 1 hood system and required a hood extinguishing system, that hood system will be required to be tied in and monitored by a fire alarm system. This fire alarm panel will be allowed to be located inside the electrical room since there will be no dedicated fire sprinkler riser room.
24. Fire Flow. The Fire Prevention Bureau is required to set a minimum fire flow for the remodel or construction of all commercial and residential buildings per CFC Appendix B. The developer shall provide for this project, a water system capable of delivering 2,000 GPM at 20-PSI residual operating pressure for a 2-hour duration for commercial projects. The fire flow as given above has taken into account all information as provided. (CFC Appendix B and Temecula Municipal Code Section 15.16.020). Although the system there is existing, it may require upgrades to meet the current code requirements fire flow.
25. Hood Plans. Hood extinguishing system plans shall be submitted electronically to the Fire Prevention Bureau for approval. Hood extinguishing system plans must be submitted by the installing contractor to the Fire Prevention Bureau. These plans must be submitted prior to the issuance of building permit. The hood extinguishing system will be required to be tied into the fire alarm system for monitoring.

Prior to Issuance of Building Permit(s)

26. Required Submittals (Fire Underground Water). The developer shall furnish electronic copies of the water system plans for any changes or modifications to the Fire Prevention Bureau for approval prior to installation for all private water systems pertaining to the fire service loop. Plans shall be signed by a registered civil engineer, contain a Fire Prevention Bureau approval signature block, and conform to hydrant type, location, spacing and minimum fire flow standards. Hydraulic calculations will be required with the underground submittal to ensure fire flow requirements are being met for the on-site hydrants. The plans must be submitted and approved prior to building permit being issued (CFC Chapter 33 and Chapter 5).
27. Required Submittals (Fire Sprinkler Systems). Fire sprinkler plans shall be submitted electronically to the Fire Prevention Bureau for approval. Fire sprinkler plans must be submitted by the installing contractor to the Fire Prevention Bureau. These plans must be submitted prior to the issuance of building permit. Fire sprinkler riser shall be located in the fire sprinkler riser room which will house only the fire sprinkler riser and fire alarm control panel.
28. Required Submittals (Fire Alarm Systems). Fire alarm plans shall be submitted electronically to the Fire Prevention Bureau for approval. Fire alarm plans must be submitted by the installing contractor to the Fire Prevention Bureau. The fire alarm system is required to have a dedicated circuit from the house panel. These plans must be submitted prior to the issuance of building permit. The main fire alarm control panel will be located inside the fire sprinkler riser room and will not share with any other equipment except the fire sprinkler riser.

Prior to Issuance of Certificate of Occupancy

29. Hydrant Verification. Hydrant locations shall be identified by the installation of reflective markers (blue dots) (Temecula Municipal Code Section 15.16.020).

30. Knox Box. A “Knox-Box” shall be provided. The Knox-Box shall be installed a minimum of six feet in height and be located to the right side of the fire riser sprinkler room (CFC Chapter 5).
