In the event that Consultant is in default for cause under the terms of this Agreement, City shall have no obligation or duty to continue compensating Consultant for any work performed after the date of default and can terminate this Agreement immediately by written notice to the Consultant. If such failure by the Consultant to make progress in the performance of work hereunder arises out of causes beyond the Consultant's control, and without fault or negligence of the Consultant, it shall not be considered a default.

b. If the City Manager or his delegate determines that the Consultant is in default in the performance of any of the terms or conditions of this Agreement, it shall serve the Consultant with written notice of the default. The Consultant shall have ten (10) days after service upon it of said notice in which to cure the default by rendering a satisfactory performance. EXHIBIT A

Tasks to be Performed

The specific elements of this service include a wide range of public works and infrastructure-related assignments, including program management, project management, construction management, inspection (e.g., compliance, subsurface investigation, and testing), utility coordination, grant compliance, schedule and budget management, constructability review, field coordination, and construction support services (e.g., claim analysis).

When a project-specific need arises, City staff will prepare a scope of work and request a proposal from one or more of the selected consultants. Upon approval of the scope and fee, funding for the work will be allocated from the approved CIP project budget or applicable operating budget supporting the project.

The City generally intends to assign work tasks and project opportunities on a rotational basis among the selected on-call consultants. The rotation process gives everyone a fair chance to participate while allowing the City to consider factors such as consultant expertise, specialized experience, current workload, project schedule, responsiveness, past performance, and the specific needs or complexities of a project. Accordingly, the City reserves the discretion to assign work outside of the rotation when it determines that a particular consultant's qualifications or experience are better suited for a specific assignment or when project needs otherwise warrant.

Unless specified otherwise for each Task Order, the general roles and responsibilities are as follows:

City POC (Principal CE/Assistant Director)	Holds final accountability on all tasks. Sets direction, approves deliverables, authorizes expenditures, and serves as the City's single point of authority throughout the project lifecycle.
Consultant PM	Performs day-to-day project management work under City PM direction: manages subconsultants and contractors, prepares reports and documents, tracks schedule and budget, and coordinates with agencies and stakeholders.
City Management (Director)	Provides executive oversight, approves change orders and scope changes beyond the City POC's authority, and receives escalations on risk and policy matters.
Finance / Sr Management Analyst	Responsible for grant reimbursements and funding agency compliance; consulted on budget tracking and invoice processing, and RoW acquisition.

In short, the Consultant will typically manage day-to-day project tasks, allowing City staff to focus on policy, accountability, and stakeholder engagement.

All deliverables, correspondence, and project records are filed in the Consultant's document management system and VPM (unless another platform is cleared for use) and remain City property upon contract closeout.

All tasks to be performed as described in the proposal and presentations provided during the procurement process, which are attached to and included as part of this agreement.

EXHIBIT B

Payment Rates and Schedule

Cost for services shall be based on the Consultant's proposed rate schedules attached hereto and incorporated herein by reference as though fully set forth.

- A. Under no circumstances shall the total cost of services exceed \$1,000,000.00 for the entire term of the Agreement unless additional compensation is approved in accordance with the Payment section of this Agreement.
- B. The Consultant shall promptly notify the City in writing of any potential cost overruns. Cost overruns include, but are not limited to the following: (1) where anticipated costs to be incurred in the next sixty calendar days, when added to all costs previously incurred, will exceed 80 percent of the maximum compensation for this Agreement; or (2) where the total cost for performance of the Scope of Services (Exhibit A) appears that it may be greater than the maximum compensation for this Agreement.
- C. The Consultant shall not be entitled to other fees or expenses that exceed the amounts specified in the Payment Rates and Schedule unless authorized in advance by the City.
- D. The Consultant shall be reimbursed for authorized Other Direct Costs incurred in performance of the Services at actual cost without markup, unless otherwise approved in writing by the City. Reimbursable expenses shall be supported by invoices, receipts, mileage logs, or other documentation acceptable to the City. Acceptable expense category examples include mileage, travel, printing/reproduction, shipping/courier, permits/fees/testing costs, and project-specific materials/supplies.
- E. The Consultant shall be reimbursed for actual costs of authorized Subconsultants, including overtime costs when such overtime is required by applicable law, regulation, or collective bargaining agreement, and when properly incurred in the performance of the Services. No markup allowed on the subconsultants expenses.
- F. Labor overtime is authorized when required by law
- G. Beginning with the fiscal year following the first anniversary of the contract award, the Consultant may request an adjustment to the payment rates and payment schedule at the start of each fiscal year based on the annual percentage change in the Consumer Price Index (CPI) for All Urban Consumers for the Riverside–San Bernardino–Ontario Core Based Statistical Area, using the most recently published index. Any requested adjustment shall not exceed four percent (4%) and shall be subject to the City's prior written approval.
