

**CITY OF TEMECULA
AGENDA REPORT**

TO: City Manager/City Council

FROM: Patrick Thomas, Director of Public Works/City Engineer

DATE: September 13, 2022

SUBJECT: Approve Service Agreement with the County of Riverside for Murrieta Hot Springs Road Slurry Seal Improvements

PREPARED BY: Amer Attar, Engineering Manager

RECOMMENDATION: That the City Council approve a service agreement with the County of Riverside for Murrieta Hot Springs Road Slurry Seal Improvements and authorize the City Manager to sign the agreement.

BACKGROUND: The County of Riverside is undertaking a road resurfacing project within their jurisdiction in the Temecula area. One of the streets they are resurfacing is Murrieta Hot Springs Road. Portions of this street falls within City of Temecula jurisdiction. The County inquired from the City if there was an interest from the City to have the County include the portion of the street in Temecula in the County project. Staff affirmed to the County the City's interest in including the improvements within the City's jurisdiction in the County's project.

The project consists of slurry sealing two segments of Murrieta Hot Springs Road within the City of Temecula. The first segment is from approximately 2,165 feet east of Calistoga Drive to 2,815 feet east of Calistoga Drive, approximately 650 linear feet by 60 feet wide (39,000 square feet). The second segment is from Red Post Circle to Butterfield Stage Road, approximately 3,580 linear feet by 66 feet wide (236,280 square feet). The work involve removal of striping and pavement markings, cleaning and filling of cracks, applying slurry, and restoring striping and pavement markings.

The County of Riverside has asked that the City execute an agreement with the County for this work. The County of Riverside estimate for the work within the City of Temecula jurisdiction is \$139,576. This includes \$110,576 for construction, a \$12,000 contingency, and \$17,000 for administration, inspection and testing (about 15%). In accordance with Section 1, Item #10 of the agreement, the County will furnish the City a final reconciliation of expenses for the City's portion of the project within ninety (90) days following the completion and acceptance of the project.

FISCAL IMPACT: The Pavement Rehabilitation Program – Citywide is included in the Capital Improvement Program (CIP) Budget, Fiscal Years 2023-27. The amount of the agreement with the County of Riverside, \$139,576, will be paid using funds from this project. Adequate funds are available in the project accounts.
