

**CITY OF TEMECULA  
AGENDA REPORT**

**TO:** City Manager/City Council

**FROM:** Randi Johl, Director of Legislative Affairs/City Clerk

**DATE:** August 27, 2019

**SUBJECT:** Adopt a Resolution Supporting Balanced Energy and Maintaining Local Control of Energy Solutions

---

**PREPARED BY:** Randi Johl, Director of Legislative Affairs/City Clerk

**RECOMMENDATION:** That the City Council adopt a resolution supporting balanced energy and maintaining local control of energy solutions and update the Legislative Platform to include reference to the same.

**BACKGROUND:** The City of Temecula recently received a request from SoCal Gas, a Sempra Energy utility company, to adopt a resolution supporting balanced energy and maintaining local control of energy solutions. The former Public Affairs Manager for SoCal Gas, Randon Lane, reached out to several cities in the Inland Empire and Riverside County requesting this support.

Due to Mr. Lane's departure, the Regional Affairs Manager for SoCal Gas, Robert Visconti, has renewed the request. As the request does not clearly fall within the current construct of the City's Legislative Platform, it is requested that the City Council consider both the adoption of the attached resolution and an update to the Legislative Platform to include reference to the same for future similar requests.

**FISCAL IMPACT:** None

**ATTACHMENTS:** Request for Support and Resolution
