

STATEMENT OF OPERATIONS

Section C: Statement of Operations – July 11, 2019

Hendo's Brewing & Spirits

HENDO'S BARREL HOUSE ("HBH"), a high quality full service restaurant, is a dine-in venue with a strong "food-to-go" business providing a variety of fresh and delicious items for those on the go. HBH will also feature excellent craft house beers and spirits produced onsite. The dine-in menu offers a wide range of specialty bar food which will complement brews and beverages made by Southern California's top breweries and HBH's finest craft distillers. The onsite production facilities will also manufacture brews and distilled spirits for offsite sales.

The overall goal for HBH is to provide a vibrant atmosphere in a relaxed setting for locals and visitors alike with a selection of comfortable seating and offerings to choose from:

- Full service, dine in restaurant;
- Full bar focusing on quality, fresh food and featuring expertly crafted brews and spirits;
- Showcase and taste the product of the onsite brewery and distillery;
- Fresh to-go food.

Once completed, HBH will open 7 days a week from 11:00 AM to 10:00 PM and from 11:00 AM to 1:00am on Friday and Saturday. We anticipate a daily volume of 380 guests (140 seats downstairs) and space for private events/banquet upstairs that will seat up to 20 as "rail-front" seats and up to 80 for a private dining/corporate event. Live entertainment will not occur on a regular basis.
