SUBJECT: Approve Non-Exclusive Commodity Agreement with Musco Sports Lighting, LLC, for Purchase of Multi-Use Field Lighting Equipment at Paloma Del Sol Park

PREPARED BY: Julie Tarrant, Principal Management Analyst

RECOMMENDATION: That the City Council approve a Non-Exclusive Commodity Agreement with Musco Sports Lighting, LLC, for the purchase of Multi-Use Field Lighting Equipment, in the amount of \$269,700.00 for the Sports Field Lighting – LED Conversion Project at Paloma del Sol Park.

BACKGROUND: In October 2019, the Public Works Department obtained a quotation from Musco Sports Lighting, LLC, for the replacement and LED conversion of the current metal halide sports field lighting for the soccer fields at Paloma Del Sol Park. The new LED lighting system will include a Sports Cluster System with Total Light Control – TLC for LED technology, and reduce energy usage and maintenance costs by 50%-85% over typical 1500W metal halide lamps.

Musco Sports Lighting, LLC is an industry leader, specializing in the design and manufacture of sports and transportation/infrastructure lighting, offering permanent and temporary lighting systems for new and retrofit projects. Musco lighting systems are utilized in public and private applications, including schools, cities, facility owners, and transportation operators. Musco Sports Lighting, LLC, has been awarded a contract, in compliance with the Request for Proposal (RFP) #071619-MSL, through Sourcewell, formerly known as the National Joint Powers Alliance (NJPA), for Indoor/Outdoor Athletic Surfacing with Related Equipment Products, Supplies, Installation and Services. The contract agreement between Musco Sports Lighting, LLC and Sourcewell is in effect to 08/27/2023. As a member agency, the City can procure certain services and equipment through Sourcewell and save time and resources. Staff therefore recommends the approval of this agreement with Musco Sports Lighting, LLC for the purchase of LED fixtures for the Paloma Del Sol Park.

FISCAL IMPACT: Adequate funds are available in the Sports Field Lighting – LED Conversion Project, as identified in the Capital Improvement Program Fiscal Years 2020-2024, funded with Measure S.
