

**CITY OF TEMECULA
AGENDA REPORT**

TO: City Manager/City Council

FROM: Randi Johl, Director of Legislative Affairs/City Clerk

DATE: May 12, 2020

SUBJECT: Consider Draft Community Recovery and Reopening Plan and Provide General Direction Regarding the Same

PREPARED BY: Randi Johl, Director of Legislative Affairs/City Clerk

RECOMMENDATION: That the City Council:

1. Consider the draft Community Recovery and Reopening Plan and related advocacy letter, and provide general direction regarding the same, and
2. Authorize staff to continuously update the plan as needed in response to County and State orders and guidance.

BACKGROUND: The City Council met on April 28, 2020 to provide general direction and preferences for local recovery and reopening efforts and directed staff to return with a recovery and reopening plan for their consideration. Subsequently, the State of California announced that it was putting together a process for counties to accelerate moving through phases towards reopening if certain criteria had been met. In addition to meeting the foundational criteria, such plans would need to be approved by the Board of Supervisors and attested to by the Public Health Officer. As a result, at its May 5th meeting, the Riverside County Board of Supervisors determined to continue the matter of rescinding its existing public health orders to align with the State's orders until after the State had released the information about the acceleration plans. On May 7th and May 8th, the State released the criteria for accelerated plans and sector specific guidance. The attached draft plan and advocacy letter reflects the current state of affairs as it exists currently through the close of business on May 8th. The draft plan and letter also reflect the collective work and review of community stakeholders, including the Chamber of Commerce, Visit Temecula Valley and the Temecula Valley Hospital. The Promenade, Pechanga and Temecula Valley School District were also contacted. It is now recommended that the City Council consider the draft plan and letter, provide general direction as desired, and authorize staff to continuously update the plan as needed in response to County and State orders and guidance.

FISCAL IMPACT: None
