A **PUBLIC HEARING** has been scheduled before the **CITY COUNCIL** to consider the matter(s) described below.

Case No: Long Range Planning Project No. LR18-1506, CEQA Transportation VMT Analysis Guidelines

Applicant: City of Temecula **Location:** Citywide

Proposal: Long Range Project Number LR18-1506 to conform with State Law Senate Bill (“SB”) 743 by replacing vehicular Level of Service (LOS) with Vehicle Miles Traveled (VMT) transportation analysis metric under the California Environmental Quality Act (CEQA).

Environmental Action: The City has the adoption of this Resolution is not a “project” for purposes of CEQA, as that term is defined by Guidelines Section 15378. Specifically, this Resolution constitutes organizational or administrative activities of City government that will not result in direct or indirect physical changes in the environment. (Guidelines Section 15378(b) (5)). Therefore, because it is not a “project,” this Resolution is not subject to CEQA’s requirements. Further, even if this Resolution were deemed a “project” and therefore subject to CEQA, the Resolution would be covered by the general rule that CEQA applies only to projects that have the potential to cause a significant effect on the environment. (Guidelines Section 15061 (b) (3)). As an organizational or administrative activity which do not involve any commitment to any specific project which may result in a potentially significant physical impact on the environment, this Resolution does not have the potential to cause a significant effect on the environment and is therefore exempt under this general rule. Further, it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, and thus this Resolution is not subject to CEQA.
