## REPORT PURSUANT TO GOVERNMENT CODE SECTION 61115

Pursuant to Government Code Section 61115, this Report is prepared and presented to the Board to prescribe Service Level B, Service Level C, Service Level R and Refuse/Recycling Collection rates and charges for the parcels and territories within the District. A Public Hearing is held each year before the Board to allow the public an opportunity to hear and be heard regarding the District. Following consideration of all public comments and written protests at the noticed Public Hearing, and review of the Report, the Board may order amendments to the Report or confirm the Report as submitted. Following final approval of the Report, and confirmation of the Charges, the Board shall order the levy and collection of Charges for Fiscal Year 2020-2021. In such case, the levy information will be submitted to the Riverside County Auditor/Controller and included as Charges on the property tax roll for the various services provided in Fiscal Year 2020-2021.

Section 1 Description of Services of the areas covered and the services provided for the Fiscal Year. The description of services shows and describes the existing improvements and is sufficient in showing and describing the general nature, location, and extent of the improvements.

Section 2 A Budgets and Levy Summary by Service Level of the improvements to be maintained and/or improved for the mentioned Fiscal Year.

Section 3 A description of the District Services and Charges by Service Level, describing the method used to apportion the District charges.

Section 4 Changes to the District contains details of changes that have occurred within the District since its inception that could affect the levy.

Section 5 The Method of Apportionment used to calculate the levy for each of the Service Levels.

SECTION 6 The TAX Roll information.

Whereas, upon incorporation of the City of Temecula (the "City"), effective December 1, 1989 voters approved the formation of the Temecula Community Services District (the "District") to provide specified services previously provided by the County of Riverside (the "County") to properties within its jurisdiction. The boundary of the District is coterminous with the City boundary and includes all parcels within the City with the City Council acting as the Board of Directors (the "Board") for the District. The District collects property-related fees and charges ("Charges") in order to provide services and maintain the improvements within the District. The District was formed, and Charges were set and established, pursuant to the Community Services District Law, Title 6, Division 3 of the California Government Code ("CSD Law").

Whereas, each fiscal year, an Engineer's Annual Levy Report (the "Report") is prepared, filed, and approved by the Board. This Report describes the District, any changes to the District, and the proposed Charges for the fiscal year. The word "parcel," for the purposes of this Report, refers to an individual property assigned its own Assessment Number or Assessor's Parcel Number by the Riverside County Assessor's Office. The Riverside County Auditor/Controller uses Assessment Numbers and specific Fund Numbers to identify, on the tax roll, properties charged for District services. The Charges contained in the Report are based on the historical and estimated costs to service properties within the District. The services provided by the District and the corresponding costs are budgeted and charged as separate Service Levels and include all expenditures, deficits, surpluses, and revenues. Each parcel is charged for the services provided to the parcel. The District provides residential street lighting, perimeter landscaping and slope protection, and refuse collection in numerous residential developments as well as unpaved road improvement and maintenance within specified areas of the District.

Whereas, Pursuant to Government Code Section 61115 the District has prescribed, revised, and collected rates and charges for residential street lighting ("Service Level B"), perimeter landscaping ("Service Level C"), unpaved road maintenance ("Service Level R"), and Refuse/Recycling Collection services furnished by the District, and has elected to have these rates and charges collected on the tax roll in the same manner, by the same persons, and at the same time as, together with and not separately from, its general taxes in the manner prescribed by Government Code Section 61115.

Now, Therefore, I Matthew E. Webb, a Professional Civil Engineer (employed at Albert A. Webb Associates and retained through an agreement between Webb Municipal Finance, LLC and my employer), acting on behalf of the Temecula Community Services District, pursuant to the "CSD Law", do hereby submit the following:

The District requested Webb Municipal Finance, LLC, to prepare and file an Engineer's Levy Report for Temecula Community Services District (Levels B, C, R and Refuse/Recycling Collection) pursuant to the Government Code Section 61115, presenting plans and specifications describing the general nature, location and extent of the improvements to be maintained, an estimate of the costs of the maintenance, operations, and servicing of the improvements for Service Levels B, C, R and Refuse/Recycling Collection, for the referenced Fiscal Year, an assessment of the estimated costs of the maintenance, operations, and servicing the improvements, assessing the net amount upon all assessable lots and/or parcels within each Service Level and Refuse/Recycling Collection in proportion to the special benefit received;

This Report and the information contained herein reflect the proposed budget for each of the various services provided by the District and the rates and charges applicable to those services as they existed at the time of the passage of the Resolution of Intention. Reference is hereby made to the Riverside County Assessor's maps for a detailed description of the lines and dimensions of parcels within the District. The undersigned respectfully submits the enclosed Report as directed by the Board of Directors of the Temecula Community Services District. Please note that Albert A. Webb Associates provides engineering advice and related consulting services. Albert A. Webb Associates is not a registered municipal advisor and does not participate in municipal advisory activities, and nothing in this Engineer's Report is, or should be interpreted to be, municipal advisory services or advice.

Executed this 29th day of June 2020.

## ALBERT A. WEBB ASSOCIATES

Final approval, confirmation and levy of the annual assessments and all matters in the Engineer's Report were made on the $\qquad$ day of $\qquad$ 2020, by adoption of Resolution No. $\qquad$ by the Board of Directors.

The boundary of the District is coterminous with the City boundary and includes all parcels within the City. The District provides certain property related services and improvements consisting of four (4) separate and distinct services referred to as "Service Levels". Each parcel within the District is charged proportionately for only those services attributable to the parcel. Each Service Level has differing costs depending upon the services provided. All parcels identified within a Service Level share in the cost of the service. The costs associated with the service are spread among all properties within that Service Level to which the service is provided in accordance with the Method of Apportionment of the specific service level. Services and improvements provided throughout the District include residential street lighting, perimeter landscape maintenance and slope protection, unpaved road improvement construction and maintenance, and a refuse and recycling collection program. The Service Levels are identified as follows:

## Service Level B - Residential Street Lighting

Services include the operation, maintenance, utility costs, and administration of residential streetlights.

## Service Level C - Perimeter Landscaping

Services include the operation, maintenance, utility costs, improvements, and administration of all perimeter landscaping and slope maintenance areas maintained by the District.

Service Level R - Unpaved Road Maintenance
Services include the operation and administration of certain unpaved streets and roads maintained by the District.

## Refuse/Recycling Collection

Services include the operation and administration of the refuse and recycling program for single-family dwellings.

The budgets for each Service Level are shown below. Each Service Level provides different and specific services and improvements to various parcels within the District. Only the parcels that the services and improvements are levied for are included in each of the Service Levels. The "Total Levy Units" and the resulting "Charge per Levy Unit" (shown in Table 2-2), reflect a method of apportionment that most fairly spreads the costs of the services to the parcels in that Service Level. The "Total Levy Units" for Service Levels B, C, and Refuse/Recycling Collection is based on a per parcel count. For Service Level R, levy units are based on a Parcel Development Unit ("PDU"), which is similar to a per parcel count but makes a distinction between developed and undeveloped parcels. For a more complete description of the methods used for calculating the "Total Levy Units" used for each Service Level, please refer to Section 5, Method of Apportionment.

## Service Level C, Perimeter Landscaping

Service level C includes all developed single family and condominium residential parcels and residential vacant lots for which the District provides on-going servicing, operation, and maintenance of perimeter landscaped areas and slopes within the public rights-of-way and dedicated easements adjacent to and associated with certain tracts and subdivisions. The level of maintenance required in these tracts and subdivisions varies depending on operating costs. Thirty-two (32) Zones with corresponding rates have been established within Service Level C.

In recent fiscal years, the cost of maintaining the perimeter landscaping for most zones in Service Level C, far accede the maximum assessment that can be levied against the parcels in these zones. As a result, it has been necessary for City staff to reduce services and activities and/or reduce or eliminate the collection of funding for long term repairs, replacements and rehabilitation. Recognizing that these revenue shortfalls are expected to continue and may likely increase over the years as a result of inflation, in conjunction with this Report the City is balloting property owners within Zones 1, 4, 7, 10, $11,14,15,17,22$ and 27 for increased maximum assessments and an inflationary adjustment that would fully fund the estimated costs needed to provide the improvements for each respective Zone.

The current rates and charges for Service Level C is per residential lot and shall be applied to developed and undeveloped residential parcels within the following Tracts and subdivisions for Fiscal Year 2020-2021.

## Service Level R, Road Maintenance

Service Level R provides funding for construction, improvement, service, and maintenance of unpaved public streets and roads within specific areas of the District. The services provided may include, but are not limited to, renovation or restoration due to damage, flood and drainage control, repairs and re-grading, and upgrades of the existing areas as required for unpaved roads. All parcels identified within Service Level $R$ share in the cost of the services provided. The costs associated with the services are spread among all parcels within various areas ("rate levels") of Service Level $R$ in accordance with the Rate and Method of Apportionment for the service level. Service Level R currently has one (1) active rate level, Rate Level R-1. The area for Rate Level R-2 has been fully paved and therefore an assessment is currently not required. Only the parcels within Rate Level R-1 boundary area will be charged for the costs associated with servicing and maintaining the roads and streets in the area.

- Rate Level R-1 - This rate level consists of fifty-five (55) assessable parcels that have direct access to roads or streets that are serviced and maintained through the District. This rate level provides funding for the servicing and maintenance of Kimberly Lane, Greenwood Lane, Liefer Road, Gatlin Road, and Pala Vista. A total of 1.546 miles of roads are serviced and maintained in this area. The current maximum rates and charges in R-1 are $\$ 115.26$ per singlefamily residential lot and $\$ 57.62$ per vacant residential lot and shall be applied at the maximum rates for developed and undeveloped residential parcels within R-1 for Fiscal Year 2020-2021.
- Rate Level R-2 - This rate level consists of forty (40) assessable parcels that have direct access to Santiago Road. This area has been fully paved and no longer requires service under this District.

## Refuse/Recycling Collection

The Refuse/Recycling Collection Service Level provides for the operation and administration of the refuse collection program, including recycling services for all developed residential homes (or "Households") within the District. The rate and charge for Fiscal Year 2020-2021 Refuse/Recycling Collection is $\$ 303.19$ per Household and will be applied to all parcels that have been identified as developed residential homes.

Changes or modifications to the District structure, if any, could include but are not limited to, changes or expansion in the existing improvements or in the types of services provided, addition of new services or Service Levels, restructuring of the current Service Levels, inclusion of parcels into the District or Service Levels, or revisions to the method of apportionment. Changes or modifications within the District that may affect the levy are outlined in the following.

## Notable Previous Modifications to the District

## Two Service Levels Replaced with a Special Tax

On March 4, 1997, the voters of Temecula approved a Special Tax to fund citywide community services. This Special Tax replaced two existing Service Levels, previously charged through the Community Services District. Beginning in Fiscal Year 1997-1998 the below two Service Levels were replaced by the Special Tax and are no longer charged through the District.

- Community Services, Parks, and Recreation - This service level provided for the maintenance, service, and operation of all public parks and recreation services within the City.
- Service Level A, Arterial Street Lighting and Medians - This service level provided servicing, operation, and maintenance of traffic signals, street lighting, and landscaped medians along arterial streets.

## Service Level $R$

As of Fiscal Year 2008-2009, the streets have been fully paved and there is no longer a need to assess for unpaved road maintenance (Rate level R-2).

## Proposed Modifications to the District for Fiscal Year 2020-2021

The most notable modification to the District for Fiscal Year 2020-2021 is related to the addition of improvements and expansion of existing services as a result of new development. When a new residential tract is developed, the District accepts additional improvements for maintenance and servicing. Along with acceptance of the improvements, the parcels within those tracts are included in the appropriate Service Levels. The improvements and services for Service Levels B and $C$ are typically tract or development specific and therefore, all parcels within a tract or development are included in these two Service Levels when the District accepts the improvements. Additionally, individual residential parcels are included in the Refuse/Recycling Collection when a new single-family residential unit is identified, and service is ordered.

## Service Level B

There were no additional inclusions or modifications to Service Level B for Fiscal Year 2020-2021.

## Service Level C

The annual revenue collected for the majority of the Zones in Service Level C is not sufficient to cover the costs to maintain these zones. Due to the rising costs, the District has had to reduce services to the maintenance of the perimeter landscaping for these zones. In Fiscal Year 2019-2020 the District conducted a Proposition 218 ballot proceeding to increase the assessment rates for Zones $1,4,7,10,11,14,15,17,22$ and 27 . The majority of the ballots received were in opposition to the increased assessments in all zones, and the increase was therefore not applied. The assessment rates, for 27 of the 29 zones currently assessed in Service Level C, have not increased since the zones were established. Because the costs continue to increase and the assessments have stayed the same, the service will remain limited and may have to be reduced further due to limited annual funds.

The District is proposing the termination of the flood channel easements in Zone 7 and therefore eliminating the need for maintenance of said areas. If approved by the District Board, this will result in the termination of the assessment for only the sixteen (16) parcels affected, effective Fiscal Year 2020-2021.

There are no new inclusions to Service Level C (Perimeter Landscaping) proposed for the Fiscal Year 2020-2021.

## Service Level R

There are no new inclusions to Service Level R (Road Maintenance), proposed for Fiscal Year 2020-2021.

## Refuse/Recycling Collection

A total of approximately 30 newly developed residential parcels have been identified and added to Refuse/Recycling Collection for Fiscal Year 2020-2021. These new residential parcels are identified each year and included in Refuse/Recycling Collection based upon the waste hauler's updated service records.

The rate for Fiscal Year 2020-2021 for Refuse/Recycling Collection is $\$ 303.19$ per residential parcel. For Fiscal Year 20192020, the rate for this service was $\$ 296.02$.
For more information, please refer to Section 2, Budgets and Levy Summary. The costs for the District represent actual service costs, as provided in the City's Franchise Agreement with CR\&R Waste Services.

## Method of Apportionment

The cost to provide services within the District will be fairly distributed among each eligible property.

## Service Level B (Residential Street Lighting):

The following formula is used to calculate each property's Service Level B charges by the per parcel/unit (residential "lot/unit") method.

Total Balance to Levy (Budgeted) $\div$ (Total Residential Lots + Assigned Condominium Units) $=$ Parcel Charge

Service Level C (Perimeter Landscaping and Slopes); and Refuse/Recycling Collection:
The following formula is used to calculate each property's charges by the per parcel (residential "lot") method.

> Total Balance to Levy (Budgeted) / Total Residential Lots (in Service Level) = Parcel Charge

## Service Level R (Roads):

The charge per Levy Unit for Service Level $R$ is based on a Parcel Development Unit (PDU), which is similar to a per parcel charge, but makes a distinction between developed and undeveloped parcels.

```
Parcel Development Units = 1.0 for Developed Parcels
Parcel Development Units =0.5 for Undeveloped Parcels
Total Balance to Levy / Total Parcel PDU (in Rate Level) = Parcel Charge
```

The following tables reflect the levy calculations for each Service Level.

Table 5-1
Parcel Charge Calculation Service Level B

| Property Type | Parcel/Unit | X | Charge per Parcel/Unit | $=$ | Parcel/Unit Charge | Multiplier |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| Single Family Residential Lot | 1.00 |  | \$25.68 |  | \$25.68 | Per Parcel |
| Vacant Residential Lot | 1.00 |  | \$25.68 |  | \$25.68 | Per Parcel |
| Assigned Condominium Units ${ }^{(11)}$ | 0.50 |  | \$25.68 |  | \$12.84 | Per Parcel/Unit |

${ }^{(11)}$ Defined as Assigned Condominium Units in Service Level B for which the interior streetlights are privately maintained however, the Assigned Condominium Units benefit from perimeter or collector street lighting funded by Service Level B.

(12) Beginning Fiscal Year 2007-2008 for Zones 29 and 31, and beginning Fiscal Year 2009-10 for Zones 6 and 32, the maximum rates as approved by the property owners are annually adjustable by the lesser of the percentage increase in the US Department of Labor, Bureau of Labor Statistics, Consumer Price Index ("CPI") of All Urban Consumers for the Riverside-San Bernardino-Ontario Area (formerly Los Angeles-Riverside-Orange County Area), for the previous calendar year, or $5 \%$.
(13) Beginning Fiscal Year 2010-2011, Zone 30 has elected to maintain its own perimeter landscaping under the existing Homeowner's Association ("HOA"). As a result, the Zone will not be levied under Service Level C for Fiscal Year 2020-2021.
${ }^{(14)}$ Zones 31 and 32 Zone 31 elected to have the perimeter landscaping maintained by a Homeowner's Association ("HOA"). As a result, the Zones will not be levied under Service Level C for Fiscal Year 2020-2021.
5. Method of Apportionment

Table 5-3
Parcel Charge Calculation Service Level R

| Property Type and Zone | Parcel/Unit | $\mathbf{x}$ | Charge per Parcel | $=$ | Parcel Charge |
| :--- | :---: | :---: | :---: | :---: | :---: |$]$ Multiplier.

Table 5-4
Parcel Charge Calculation Refuse/Recycling Collection

| Property Type (15) | Parcel/Unit | X | Charge per Parcel | = | Parcel Charge | Multiplier |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| Single Family Residential Lot | 1.00 |  | \$303.19 |  | \$303.19 | Per Parcel |

${ }^{(15)}$ Developed residential parcels identified by CR\&R for which refuse collections are available.
6. Tax Roll

Parcel identification for each lot or parcel within the District shall be the parcel as shown on the County Assessor's map for the year in which this Report is prepared.
