

Proposed Renaming of Pala Community Park To Friendship Park

- Council Member Naggar has proposed that **Pala Community Park** be renamed **Friendship Park**
- The City of Temecula recognizes the importance of not only accepting all people, of all abilities, but also providing tangible examples of ways it is addressing these important matters
- As playground and park renovations are completed at this location to create inclusive play structures and an environment for all children, rebranding this park reflects these improvements along with the City's commitment to inclusion, diversity, and equality
- *"When kids play together, they don't draw distinctions between race and ability."* – Mike Naggar

Additional Design Suggestions

- **Listening Bench** also known as a Talking Bench to encourage conversations
- **Graphic representations** of concepts such as diversity, cooperation, and inclusion
