

**PUBLIC TRAFFIC/SAFETY COMMISSION
AGENDA REPORT**

TO: Public/Traffic Safety Commission

FROM: Patrick Thomas, Director of Public Works/City Engineer

DATE: December 10, 2020

SUBJECT: HOA Assisted Traffic Calming

PREPARED BY: Ali Shahzad, Senior Traffic Engineer

RECOMMENDATION: That the Public/Traffic Safety Commission review the HOA Assisted Traffic Calming Brochure as presented for distribution to HOA's and residents.

BACKGROUND: A request was received from residents to investigate speeding on Shasta Lane and Gold Mine Drive within the Wolf Creek neighborhood. Due to the layout of the Wolf Creek development, cut-through traffic is unlikely; however, residents themselves may be speeding.

An informational brochure was prepared for Home Owner Association Assisted Traffic Calming for review by the Public/Traffic Safety Commission. Comments were received and the brochure revised to include comments from the commission. It is as presented for approval for future distribution via HOA's, City's Traffic Engineering Web and Social Media pages (Exhibit A).

FISCAL IMPACT: None.
